FROM THE CHANCELLOR

SRM Institute of Science and Technology engineering programs endeavor to be at the forefront of innovation. They also foster multi-disciplinary collaborations aimed at solving the most pressing global problems.

Our mission is to seek solutions to global challenges by using the power of engineering principles, techniques and systems. We believe that engineers should not only possess deep technical excellence, but also nurture creativity, cultural awareness and entrepreneurial skills that come from exposure to science, business, medicine and other disciplines - all an integral part of the SRM experience.

Our goal is to deliver world class, problem driven programs that inspire curiosity and generate new knowledge and discoveries. Our collaboration with over 50 of the world's best universities and 215 corporates strengthens our academic and research programs.

The University is committed to pioneering innovations in research, transferring discoveries to broader community and educating tomorrow's leaders and entrepreneurs.

Dr. T. R. Paarivendhar

Founder Chancellor

SRM Institute of Science and Technology

VISION

To emerge as a world-class University in creating and disseminating knowledge and providing students a unique learning experience in science, technology, medicine, management and other areas of scholarship that will best serve the world and betterment of mankind.

MISSION

TO MOVE UP through international alliances and collaborative initiatives to achieve global excellence.

TO ACCOMPLISH A PROCESS to advance knowledge in a rigorous academic and research environment.

TO ATTRACT AND BUILD PEOPLE in a rewarding and inspiring environment by fostering freedom, empowerment, creativity and innovation.

RECOGNITION AND ACCREDITATION

A continuous emphasis on modern teaching methods, global links for research, student exchange and knowledge sharing, world class infrastructure, placement, diversity of students and industry institute interactions have consistently placed SRM students well ahead in every field. This dedication to academic excellence has brought accolades to the University in the form of recognition and accreditation.

RECOGNITION

The University Grants Commission (UGC) and MoE, Ministry of Education, Department of Higher Education, Government of India, granted graded autonomy to SRMIST by classifying as a category - I University

UNIVERSITY ACCREDITATION

SRM is accredited by NAAC (National Assessment and Accreditation Council – an Autonomous Institution of the University Grants Commission) with 'A++' grade – the highest grading.

PROGRAM ACCREDITATION

Following programs of Kattankulathur Campus stand accredited by the NBA under Tier - I category (Washington Accord)

- Biotechnology
- Mechanical Engineering
- Civil Engineering
- Electrical and Electronics Engineering
- Electronics and Communication Engineering

The following programs of Kattankulathur Campus are accredited by the Engineering Accreditation Commission of ABET, <http://www.abet.org>.

ABOUT THE INSTITUTE

SRM Institute of Science and Technology – **SRMIST**- (formerly known as SRM University), which came into existence in the year 2002, is one of the top ranking Universities in India functioning in five campuses located at Kattankulathur (Main Campus), Ramapuram, Vadapalani in Tamil Nadu, fourth campus at Modi Nagar, National Capital Region (NCR) Ghaziabad, near Delhi, and 5th Campus at Tiruchirappalli, Irungalur, Tamilnadu, with over 61000 full-time students and 3600 faculty, offering a wide range of Undergraduate, Postgraduate and Doctoral programs in Engineering, Management, Medicine and Health Sciences, Science and Humanities, Agriculture and Law. The campuses occupy a total area of **460** acres. The main Kattankulathur campus is located in a sylvan campus skirting the National Highway (NH45), about 15 kilometers from Tambaram, Chennai.

The campuses consist of buildings with a built-up area of about 12 million square feet with various facilities, state-of-the-art laboratories, libraries, Wi-Fi connectivity, a knowledge center, 300 online smart classrooms, Hostels for boys and girls with premium facilities. Endless conveniences on the campus include Banks with ATMs, Hospital, Post office, bookstores, dining options, cafeterias, gymnasium, indoor game centers, prayer halls, staff quarters, guest houses and other facilities.

Further, the University has a multipurpose Dr. T. P. Ganesan Auditorium with a seating capacity for 3100 persons. In addition, there are two fifteen - storey buildings - the Tech Park and the University Administrative Building which houses the University Library.

SRM added a feather to its already glorious cap in 2011 by hosting the 98th edition of The Indian Science Congress where the distinguished delegates including six Nobel Laureates and other celebrated Scientists, Academicians and Philosophers participated and delivered their thoughts. The launching of SRMSAT (satellite) is another milestone which other Universities across the country are yet to reach.

SRM Institute of Science and Technology has achieved many milestones over the years and a few of them are highlighted below:

- SRMIST is accredited by NAAC (National Assessment and Accreditation Council) with the highest Grade of 'A++' in the year 2018 which is currently valid.
- It is classified as **Category I** University by UGC/MHRD.
- All Engineering programs are approved by the AICTE (All India Council for Technical Education).
- QS (Quacquarelli Symonds-United Kingdom) has rated SRM Institute of Science and Technology globally as a 4-star Institute, in its second cycle, with Five Star ratings in Teaching, Employability, Online Learning, Innovation, Social Responsibility and Inclusiveness
- SRMIST has been ranked at 18 under University category and 28 under Engineering by NIRF-2023 (National Institutional Ranking Framework-MoE).
- SRMIST stands 3rd in country and 167th in world in the ranking by UI Green Metric World University Ranking on Sustainability.
- SRMIST gets regularly featured in the Global Ranking conducted by QS and THE (Times Higher Education-United Kingdom)
- SRMIST Rated as AAA for the year 2021 by NPTEL – SWAYAM and secured second position in India
- Following programs of Kattankulathur Campus stand accredited by the NBA under Tier I category (Washington Accord)
 - Biotechnology
 - Mechanical Engineering
 - Civil Engineering
 - Electrical and Electronics Engineering
 - Electronics and Communication Engineering
- Programs of Kattankulathur Campus namely B.Tech Civil Engineering, B.Tech Mechanical Engineering, B.Tech Electrical and Electronics Engineering, B.Tech Electronics and Communication Engineering are

accredited by the Engineering Accreditation Commission of ABET, USA.
<http://www.abet.org>.

- B.Tech Information Technology program offered at Kattankulathur campus is accredited by the Computing Accreditation Commission of ABET, USA.
<http://www.abet.org>.
- Programs of Kattankulathur Campus namely B.Tech Computer Science and Engineering, B.Tech Software Engineering, B.Tech Electronics and Instrumentation Engineering and B.Tech Automobile Engineering are accredited by The Institution of Engineering and Technology (IET-United Kingdom). <https://www.theiet.org>.

Foreign faculty, flexible and dynamic curriculum, exciting research and global connections are the features that set SRM apart. Every year over 200 students are sponsored to study in more than 35 foreign universities such as MIT, Carnegie Mellon, UC Davis, Warwick, Western Australia etc. Fifty members from the top Universities across the world including MIT, Stanford, UC Berkeley, Cambridge and NUS help to set global standards. Over 100 top executives from leading corporate Institutions constantly interact with the faculty and students to help formulate the academic and research activities, thus enabling SRM to be one among the world class Universities in India.

The College of Engineering and Technology (Engg. & Tech.) which comprises of Engineering and Architecture programs with more than 20000 students with a faculty strength of over 1500. For all engineering programs, the curriculum and syllabus have been revamped in 2018-19 and further revised in 2022-23 so that they are as per AICTE's prescription and in tune with the technological changes all-around.

SRM Institute of Science and Technology is run by the Trust SRM Institute of Science and Technology. The motivating force behind it is our dynamic Founder - Chancellor Dr. T. R. Paarivendhar - now an honourable Member of Parliament (MP) - who, for the past five decades, has been rendering yeoman service to the cause of education in our country.

MEMBERS OF CORPORATE ADVISORY BOARD

We stay in tune with Industry Trends.

The Corporate Advisory Board (CAB) at SRM is a unique platform connecting over 150 industries across the country. It helps to keep the University's Engineering and Management programs in tune with industry trends, by bringing students face to face with Senior Managers, Vice Presidents, Chairmen and the top management of leading companies in the industry.

Working in partnership with industry helps students and faculty members gain a broader view and gives them the expertise to live and work in a global context. It also gives them the right attitude and aptitude to translate the new knowledge from research to practical ends. The following are the members of Corporate Advisory Board who help us to turn our goals into reality:

UNIVERSITY RESEARCH COUNCIL

Fostering research has always been a priority at SRM Institute of Science and Technology (SRMIST) by making it as a research-driven institute of national importance. SRMIST has been providing strong support through providing huge infrastructure for the researchers. High-performance computing facilities is one of the niche facilities offered by SRMIST, and it is the only privately funded institution which has created such facilities almost 5 years ago. Given its importance to the theoretical researchers, the facility is being expanded through cloud resources as well. A separate research building, Raman Research Park, is dedicated to research. Central Research Facilities (CRF) host state-of-the-art facilities aimed at serving both researchers from SRMIST and outsiders as well. The research activities in SRMIST include academic research, sponsored research, and industry consultancies. These activities are being carried out in the Colleges of Engineering and Technology, Agricultural Sciences, Science and Humanities, and Medical Health Sciences, SRM Institute of Science and Technology. Thus, Research and Innovation happen in almost all streams in SRMIST.

Composition of the Committee

The Committee shall comprise

Chairman : Vice Chancellor

Vice Chairman : Director (Research)

Ex-Officio Members : Pro Vice Chancellor
Registrar
Controller of Examination
All Deans
Chairperson of the Schools

Members : 3 or 4 faculty members duly nominated by the Chairman in the Professor, Associate Professor and Assistant Professor Levels

External members : 3 Professors from reputed Research Institutes and 1 eminent person from an Industry, nominated by the Chairman

Member Secretary : Dean (Research)

Terms of Reference

1. To work with Colleges/Schools/Departments to improve the existing research ecosystem, creating necessary human resource and PhD scholars, required infrastructure to enable SRMIST to be positioned at the forefront of national and international developments and shaping the future research agendas
2. To suggest the priority areas of research in the Colleges / Schools / Departments particularly with reference to the role and responsibility of the Institute taking into account the facilities available in the Institute and expertise of the faculty members
3. To promote collaboration and interdisciplinary research both internally and externally, nationally and internationally, to improve the quality of research at SRMIST. The University Research Council (URC) could advise and help the faculty members to establish collaboration with national laboratories and premier Institutions
4. To advise on the development of strategic research partnerships with industries
5. To oversee the development and delivery of appropriate staff development activities for researchers
6. To oversee local implementation of national research activities of national importance, for instance, Clean energy initiative, Nanotechnology, Smart Cities, Cyber-Physical Systems, Waste to Energy etc. Also, the URC could suggest and guide in establishing Centers of Excellence (CoEs)
7. To advise on and monitor the progress towards research grants received by the faculty members from the Government agencies, industries, etc
8. To develop and review policies and practices to improve the quality, impact, and quantity of research activity, monitor implementation, and evaluate outcomes

9. To approve procedures for allocating research funds and monitor their implementation
10. To formulate guidelines pertaining to the conduct of PhD and Post-Doctoral research programs offered by SRMIST on the lines prescribed by the UGC
11. To support IP related activities of faculty members, researchers, and students; the Intellectual Property Cell (IPC) facilitates the patent filing process, spin-off provision, licensing the know-how, and industry liaison

Frequency of the Meetings

A minimum of two meetings shall be scheduled in a year (January and July of the academic year). Additional meetings may be scheduled on a need basis.

Quorum

The quorum for meetings shall be 1/3 of the membership.

Term of the Membership

Nominated members shall serve for a term of two years.

INTERNATIONAL RELATIONS

The Office of International Relations (OIR) assists international students to adjust to and fully participate in the SRM Institute of Science and Technology campus community. It deals with the following:

- Admissions of NRI and Foreign students to various programs in the faculties of Engineering and Technology, Medicine and Health Sciences, Science and Humanities, and Management
- Recruitment of visiting professors from foreign Universities
- Facilitating the accommodation and other needs of the international students and faculty staying in the campus
- Student exchange and faculty exchange programs
- Building relationships with foreign Universities and Organizations, exploring new areas of cooperation, and facilitating MoUs and collaboration
- Organizing orientation programs and socio-cultural programs for the international community

The OIR also provides orientation to new students prior to the start of the academic year. OIR provides counseling on personal, academic and financial matters, immigration procedures, programs for social and cultural exchange, information about international employment and need-based English classes for the international students. OIR also assists new students through orientation and registration, and the staff are available at all times to assist in case of any problem.

Visiting Faculty on Long Tenure

Visiting faculty from foreign Universities are a boon to the University as they help to:

- promote international education;
- enhance the quality of research and build exposure to different cultures and international trends.

A few faculties from foreign Universities are teaching at SRMIST on long tenure. Many more visit the campus for academic and research purposes on an ongoing basis. This gives both the students and the faculty greater opportunities for mutual interaction and learning. The visiting faculties currently at SRM are:

Prof. Mohan Isaac

Professor of Psychiatry
University of Western Australia
Australia

Dr. Gang Li

Associate Professor
School of Information Technology
Deakin University, VIC 3125, Australia

Dr. Vidhyacharan Baskar

Adjunct Professor, SRMIST
Professor, California State University, CA.

Dr. Joseph Zohar

Director of the National Post-Trauma Center,
Research Foundation by the Sheba Medical Center, Israel.

Dr. Walid Sarhan

Zonal Representative of the Middle East in the WPA

INTERNAL QUALITY ASSURANCE CELL (IQAC)

In pursuance of the National Action Plan of the National Assessment and Accreditation Council (NAAC), Bangalore, for performance evaluation, assessment and accreditation and quality up-gradation of Institutions of higher education, there is a stipulation that every accredited institution should establish an Internal Quality Assurance Cell (IQAC) as a post-accreditation quality sustenance measure. Since quality enhancement is a continuous process, the IQAC will become a part of an institution's system and work toward realizing the goals of quality enhancement and sustenance. The prime task of the IQAC is to develop a system for conscious, consistent and catalytic improvement in the performance of Institutions. The IQAC will make a significant and meaningful contribution in the post-accreditation phase of Institutions. During the post-accreditation period, the IQAC will channelize the efforts and measures of an institution towards academic excellence.

Strategies

IQAC shall evolve mechanisms and procedures for

- ensuring timely, efficient and progressive performance of academic, administrative and financial tasks;
- maintaining and upgrading the relevance and quality of academic and research programs;
- equitable and affordable access of academic programs to various sections of society;
- optimizing and integrating modern methods of teaching and learning;
- establishing the credibility of evaluation procedures;
- ensuring the adequacy, maintenance and functioning of the support structure and services and
- sharing research and networking with other Institutions in India and abroad.

Functions

Some of the functions expected of the IQAC are:

- Development and application of quality benchmarks / parameters for various academic and administrative activities of an Institution;
- Dissemination of information on various quality parameters of higher education;
- Organizing of workshops and seminars on quality related themes and promotion of quality circles;
- Documentation of the various programs / activities leading to quality improvement;
- Acting as a nodal agency of the Institution for quality-related activities; and
- Preparation of the Annual Quality Assurance Report (AQAR) to be submitted to NAAC based on the quality parameters.

Benefits

IQAC will facilitate:

- A heightened level of clarity and focus in institutional functioning towards quality enhancement and facilitate internalization of the quality culture;
- The enhancement and integration among the various activities of the Institution and institutionalize good practices;
- A sound basis for decision making to improve institutional functioning;
- A positive change in the Institution; and Better internal communication.

Recent contributions by IQAC to the College of Engineering and Technology

- NAAC III Cycle Accreditation (Awarded the highest A++)
- QS- IGAUGE Diamond rating
- AICTE awards
- FICCI awards
- Quality enhancement through regular IQAC meetings
- Accreditation of five engineering programs at Kattankulathur campus by NBA

- Accreditation of five engineering programs at Kattankulathur campus by Engineering Accreditation Commission and Computing Accreditation Commission of ABET, (<https://www.abet.org>)
- Accreditation of four engineering programs at Kattankulathur campus by The Institution of Engineering and Technology (IET)
- Development of regulations and curriculum
- Participation in surveys conducted by media
- Preparation of reports for submission to UGC/MHRD/AIU
- Participation in NIRF(MHRD) / QS / Times Higher Education ranking surveys
- Advisory role in enhancing research publications, patents, faculty recruitment
- Preparation of annual MHRD-AISHE report
- Preparation of University annual report
- QS-Rating Process resulting in 4 star status for SRMIST
- Participation in Swachh Bharat Ranking Process
- Advisory role in internal promotion
- Student feedback on teaching
- Stakeholders' feedback on curriculum and syllabus

Faculty Members incharge of IQAC

- ***Prof. G. Augustine Maniraj Pandian, Dean, (IQAC)***

UNIVERSITY CENTRAL LIBRARY

The University Central Library spreads across the ground plus three floors with a built-up area of 1.5 lakh sq. ft. in the University Administrative Block, constructed in modern and functional lines. It is centrally air-conditioned with CCTV surveillance and automated with Radio Frequency Identification (RFID) Technology.

The University Central Library collection includes 1,50,408 volumes of books with 66,728 titles on Engineering and Technology, Management, Physical Sciences, Life Sciences, Humanities, and Architecture. The library subscribes to 169 print journals and 37,258 e-journals including IEL (IEEE Electronic Library) Online, ACM Digital Library, Springer Nature, Science Direct, ASCE, ASME, SAE Digital Library, IOP, Nature, Pro Quest, Emerald, Springer Materials, SCOPUS, Lexis Advance, EBSCO (Management, CINAHL and Dentistry Database), SCC Online and 2,12,156 E-books from publishers like John Wiley, Elsevier, Springer, Pearson Education, IET Publications and EBSCO e-book collections to cater to ever-growing needs of students, staff and research scholars. Members can access these resources throughout the campus through Wi-Fi.

The University Central Library has sections like Stack Area, 200-seater Reading Halls in each floor, a Conference Hall, Technical Section, Library Office and Seminar Hall. There is a separate library for School of Architecture, School of Law and a separate section for Braille.

The library has facilities like a well-furnished Video Hall containing 700 Video programs, SWAYAM/NPTEL Video courses and other e-Learning resources initiated by the Government of India Shodhsindu, Shodhganga and National Digital Library (NDL).

The Library is also a member of the Regional Level Network of Madras Library Network (MALIBNET) and National Level Network of Developing Library Network (DELNET) that enables the staff and students to access all the major participating libraries in India. The library also facilitates Inter-Library Loan (ILL) and Contents Page Service. Also, the library has facilities such as Internet browsing center and

Reprography Section. SRMIST is a Member of the Institution of Engineers, Kolkata, British Council Library, Chennai, American Information Services Center, Institute for Steel Development & Growth (INSDAG) to facilitate the members to borrow journals/magazines and video programs that are not available in SRM. To access and benefit these facilities, members have to follow the rules and regulations listed below. They are intended to regulate the use of library resources, and they are reviewed periodically to meet the requirements.

1. *MEMBERSHIP*

Membership is open to all the faculty, staff, research scholars and students of SRM Institute of Science and Technology.

2. *WORKING HOURS*

The working hours are as follows:

A. *Central Library*

Week days	8.00 am to 12.00 Midnight
Saturday and Sunday	09.00 am to 07.00 pm

Summer Holidays

Monday to Saturday	9.00 am to 6.00 pm
--------------------	--------------------

Circulation Counter Functions

Monday to Friday	8.00 am to 11.00 pm
Saturday & Sunday	9.00 am to 6.00 pm

B. *Architecture Library and School of Law Library*

Monday to Friday	8.30 am to 4.30 pm
Saturday & Sunday	Holiday

C. *Library Office*

Monday to Saturday	9.00 am to 5.00 pm
Sunday	Holiday
Lunch Break	1.15 pm to 1.45 pm

D. *Holidays*

All Government / University Holidays

3. MEMBERSHIP CATEGORY

Category	No. of Books (that can be borrowed)	Duration
Teaching Faculty	8	Full semester
Supporting Staff		
Programmers	4	15 days
Lab Assistants	2	15 days
Student Members		
Under Graduate	3	15 days
Post Graduate	4	15 days
Research Scholars	4	15 days

Note: Additional two books are issued to students those who secure a CGPA of 8.5 and above. The HoD can recommend the list to the library through the Dean.

Members are responsible for all the books borrowed on their cards.

All final year student members should get “No Dues Certificate” from the University Library. The Course Completion / Mark Sheet, Degree Certificate will be given only on submission of the No Dues Certificate from the University Library.

Similarly, the staff members who intend to leave the Institution should settle all the dues including the ID cards and obtain a No Dues Certificate (NOC) from the University Librarian.

4. LOSS OF ID CARDS

- Loss of ID cards (Smart Card 4K) should be reported immediately to the University Library so as to block the account.
- Duplicate ID cards will be issued by the ID Card Section on payment of Rs.1000/- to all members on giving an undertaking that they will continue to be held responsible for any loss arising from the inadvertent use or misuse of the lost card.

5. LENDING OF BOOKS

- Books other than reference books will be issued to student members for a period of only 15 days. For faculty members, the loan period is one full semester.
- Reference Books, Encyclopedias, Hand Books, Dictionaries, Periodicals, Student Project Reports, Dissertations, Theses and Back Volumes will not be issued and it is only for reference.
- Two renewals will be permitted if there are no reservations against these books. For renewal, the books have to be produced at the library counter.
- The member can also renew the same through online <http://emanager.srmuniv.ac.in/elibrary> using their login.
- Members, before leaving the counter, must check whether the books they intend to borrow are in good condition; any damage/marking should be immediately reported to the Librarian failing which the member to whom the book was issued will be held responsible.
- Books that are in special demand shall be lent for shorter periods as may be necessary, and books lent may be recalled any time, if required.
- Absence will not be accepted as an excuse for the delay in the return / renewal of books.

6. OVERDUE CHARGES

- Members are advised to return / renew the books on or before the due date marked on the book, failing which a penalty will be collected. The details of the penalty are as follows:

01 - 15 days	Rs.1/- per day
16 - 30 days	Rs.2/- per day (from day one)
31 days and above	Rs.5/- (from day one)

Undue delay in returning the books will result in the cancellation of membership.

7. LOSS OF BOOKS

Loss of books, if any, should be reported to the library immediately, and it should be replaced with a new copy and the overdue charges, if any, must be paid. In case the borrower is unable to replace the books that are lost, he/she will be levied a penalty three times the cost of the book plus overdue charges, if any.

8. RESERVATION OF BOOKS

Members can reserve books that have been issued through the library website: <http://emanager.srmuniv.ac.in/elibrary>. The availability status will be informed to the members by email, or they can check the reservation status in the library web site. The reserved book(s) will be kept at the issue counter for 2 days. If members fail to collect the book(s) within 2 days, the book(s) will be given to the next member in the wait list.

9. LENDING OF LAPTOP

- A laptop can be borrowed from the library for 14 days.
- A borrowed laptop should be returned/renewed on the due date, failing which a penalty of Rs.50/- will be collected as late charge per day.
- The loan period will not be extended, and transfer to other members is also not permitted.
- System settings set at the time of issue should not be changed.
- No password protection for booting the system should be set.
- The working condition of the laptop should be carefully checked at the time of issue. The ITKM can be contacted for additional application software requirement.
- The concerned member should bear the sole responsibility for any physical damage to the laptop and its accessories.
- In case of any loss or damage to the laptop, the cost shall be recovered or from a replacement shall be made by the concerned members.

10. GENERAL

- All members should display their identity cards prominently, and it should be produced to the security, if required.
- Personal books, files and hardbound materials and other articles (except a small note book or loose sheets of papers) are not allowed inside the library. Members have to deposit their personal belongings at the deposit counter near the entrance.
- Silence should be strictly observed inside the library.
- Use of mobile phones inside the library is prohibited.
- The members are accountable for any damage caused by them to the books or other University properties. If so, they will be required to replace the book or other damaged material.
- Misbehavior in the library will lead to cancellation of membership and other serious disciplinary action.
- Any marking or writing in the books is strictly prohibited. If any damage/marking is found, the concerned member should replace the book.
- Irrespective of any of the above, the decision of the University authorities in all matters is final.

“A determined person will do more with a pen and paper than a lazy person will accomplish with a personal computer”

INFORMATION TECHNOLOGY AND KNOWLEDGE MANAGEMENT (ITKM)

ITKM is responsible for planning, implementing, and managing technology initiatives in support of academic and administrative operations at SRM Institute of Science and Technology (SRMIST).

ITKM Mission

The mission of ITKM is to support SRMIST's vision of emerging as a world-class University by

- Deploying innovative technologies and infrastructure to support faculties and administrators by serving their constituents.
- Enabling access to knowledge resources and supporting the academic community to achieve excellence in delivering high-quality education and research.
- Achieving a paperless office by process excellence and automating all business processes.

Information Technology

- System Services – End User Computing Desktop, Laptop, Printer, Software
- Technology Services – Servers, Network, and Security
- Projects and Implementation – Consultancy, procurement, implementation, and maintenance.
- Support and Service Desk.

Knowledge Management

- User Account and Access Management
- Software and Licensing
- Application Development – Business Process Automation
- Productivity and Collaboration – Email, Zoom, Teams, Google Classroom,
- Web hosting and development.

Your Rights and Responsibilities

The computing resources at SRM Institute of Science and Technology (SRMIST) support the University's educational, instructional, research, and administrative activities, and the use of these resources is a privilege extended to members of the SRMIST community. As a user of these services and facilities, SRMIST members have access to valuable University resources and internal and external networks. Consequently, the SRMIST community needs to behave responsibly, ethically, and legally.

SRMIST community has access to Computing resources, including all the SRMIST owned, licensed, or subscribed, and leased or managed software and hardware and use of the SRMIST network via a physical or wireless connection, regardless of the ownership of the computer or device connected to the network.

As a member of the SRMIST community, the University provides you with scholarly and work-related tools, including access to specific computer systems, servers, software and databases, and to the internet. You have a reasonable expectation of unobstructed use of these tools, of certain degrees of privacy (which may vary depending on whether you are a faculty or staff member or a student), and of protection from abuse and intrusion by others sharing these resources.

In turn, you are responsible for knowing the regulations and policies of SRMIST that apply to the appropriate use of SRMIST's computing resources and facilities. You are responsible for exercising good judgment using the SRMIST's technological and information resources.

As a representative of the SRMIST community, you are expected to respect the University's good name in your electronic dealings with those outside the University. Effective security is a team effort involving the participation and support of every member of the University who deals with information or information systems. It is the responsibility of every computer user to know applicable guidelines and to conduct their activities accordingly.

Do's and Don'ts

The below list provides a framework for activities in the acceptable use category.

- ✓ You should only use the computers, computer accounts, and computer files for which you have authorisation.
- ✓ You should not use another user's account or attempt to capture or guess other users' passwords.
- ✓ You are individually responsible for the appropriate use of all resources assigned to you, including the computer, the network address or port, software and hardware. Therefore, you are accountable to the University for all use of such resources. As an authorised SRMIST user of resources, you should not enable unauthorised users to access the network by using an SRMIST computer or a personal computer connected to the SRMIST network.
- ✓ SRMIST is bound by its contractual and license agreements respecting specific third-party resources; you are expected to comply with all such agreements when using such resources. You can't violate the rights of any person or company protected by copyright, trade secret, patent or other intellectual property, or similar laws or regulations, as this will qualify as illegal downloading. Also, installation or distribution of "pirated" or other software products not appropriately licensed for use is strictly prohibited.
- ✓ You must configure hardware and software to reasonably prevent unauthorized users from accessing SRMIST's network and computing resources. You should make a reasonable effort to protect your passwords and secure resources against unauthorised use or access.
- ✓ You should not attempt to access restricted portions of the network, an operating system, security software, or other administrative applications without appropriate authorisation by the system owner or administrator.
- ✓ You should comply with the policies and guidelines for any specific set of resources you have been granted access to. When other policies are more restrictive than this one, the more restrictive one takes precedence.

- ✓ You should not use SRMIST computing or network resources in conjunction with the execution of programs, software, processes, or automated transaction-based commands that are intended to disrupt (or that could reasonably be expected to disrupt) other computer or network users or damage or degrade performance, software or hardware components of a system.
- ✓ On SRMIST network or computing systems, you should not use tools that are normally used to assess security or to attack computer systems or networks (e.g., password 'crackers,' vulnerability scanners, network sniffers, etc.) unless you have been specifically approved and authorised by Directorate of ITKM.

Unacceptable Use

- ✓ Gain or attempt to gain or help others gain access without authorisation.
- ✓ Allow other individuals (e.g. friends, co-workers, spouse, children, etc.) to use your account.
- ✓ Waste of information technology resources and assets (for example, by implementing or propagating malware, using destructive software, engaging in inappropriate game playing, or monopolising information technology resources and assets for entertainment or personal use).
- ✓ Harass or intimidate others in violation of law or sexual harassment or discrimination based on race, colour, religion, gender, national origin, age, disability, sexual orientation, veteran status or violation is strictly prohibited.
- ✓ Attempt to monitor, copy, delete, change or tamper with another student, staff, faculty members, or any other individual's communications, files, or software without the explicit agreement of the owner;
- ✓ Make, use, store, or transmit illegal copies or material of copyrighted or patented software/media.
- ✓ Attempt without authorisation to circumvent or subvert normal security measures or engage in any activity that might be harmful to systems or

information stored thereon or interfere with the operation thereof by disrupting services or damaging files (Examples include but are not limited to running "password cracking" programs, attempting to read or change administrative or security files or attempting to run administrative programs for which permission has not been granted, using a telnet program to connect to system ports other than those intended for telnet, using false identification on a computer or system or using an account assigned to another, forging mail or news messages, or using any application or system that circumvents security or operational configurations that have been established to optimise University computer resources and assets).

- ✓ Any and all criminal activity.
- ✓ Violate state laws pertaining to the use of information technology resources and assets and/or violate any of the regulatory laws or statutes involving data protection or privacy.

Fair Share of Resources

Information Technology Services and other University departments which operate and maintain computers, network systems and servers are expected to maintain an acceptable level of performance. They must ensure that frivolous, excessive, or inappropriate use of the resources by one person or a few people does not degrade performance for others. The campus network, computer clusters, mail servers, Internet bandwidth and other central computing resources are widely shared and limited, requiring that resources be utilised with consideration for others who also use them. Therefore, using automated processes to gain a technical advantage over others in the SRMIST community is forbidden.

The University may limit an individual's use of a resource through quotas, time limits, and other mechanisms to ensure that these resources can be used by anyone who needs them.

As a member of the SRMIST community, you are expected to uphold local ordinances and central, state, cyber and applicable international laws. SRMIST guidelines for using technologies derived from this concern, including license, copyright and intellectual property protection laws.

Enforcement

For security and network maintenance purposes, authorised members within IT services can monitor equipment, systems and network traffic at any time. ITKM reserves the right to audit networks and systems, as required to ensure that SRMIST is not subject to claims of institutional misconduct. The concerned authority of SRMIST will take disciplinary action, including the restriction and possible loss of network privileges. A serious violation could result in more serious consequences, up to and including suspension or termination from the University.

The Centre for Intellectual Asset Protection (CIAP) engages in guiding, protecting, managing, and commercializing the Intellectual Properties of our students and faculty members.

We also continuously engage our management team to serve you in the best possible way through various awareness programs, development programs every month to train you in protecting your own intellectual inventions.

SRM INNOVATION AND DESIGN CENTRE (SIDC)

SRM Innovation and Design Centre offers various design-related courses for innovators.

These courses or programs aim to develop a design and entrepreneurial mindset along with functional skills in design thinking, approach to challenges, innovative product design, and prototyping entrepreneurial fundamentals among students.

All courses are industry supported with mentors from the relevant domains and mentors will work closely with the student teams, enabling the experiential learning journey.

FABLAB – Makerspace

It is an initiative launched by SRMIST, to promote innovation and entrepreneurship. FABLAB is focused on the use of digital fabrication technologies that will drive the future of product development. The lab is designed to support the creativity and innovation of individuals to turn ideas into products. The lab provides access to sophisticated prototyping equipment, with the user primarily responsible for moving ideas to products.

Events at DEI

1. Triumph Talks - A series of talks where eminent personalities have a one-on-one conversation with the students of our community in order to help them develop the thinking and mindset required to excel in their respective fields and Showtime, a platform which can be used by students to showcase any new invention, prototype or technology they have come up with.

2. BootCamp - The Bootcamp is centered on the Berkeley Method of Entrepreneurship, which helps students understand general concepts through practice, observation, and critical thinking. Every entrepreneur's path is different, and students come to us at many different stages in that path. Our goal is to help students discover the next milestone on their journey to becoming successful entrepreneurs. We conduct this boot camp twice a year.

3. EXPO - It is an event where the best teams of SRM show-off their finest craftsmanship and discuss at length about their products. For the last edition, we had the extremely talented UAV, SCRO and Team Spars showcasing their latest and greatest products and prototype

4. Hackathons - We organize sector-wise hackathons to provide students with a platform to solve some of the pressing problems in the society.

CAMPUS FACILITIES

DIRECTORATE OF CAREER CENTRE

The Career Center in SRM Institute of Science and Technology plays a vital role in making SRM a favored destination for many national and international organizations to recruit fresh talent nurtured at the Institute.

Career Center encompasses the Placement Office (PO) and the Career Development Centre (CDC). The Career Centre enables the students to take up in-plant training and project work in major industries. Continuous institute-industry interaction, pre-joining learning initiatives, participating in industrial exhibitions, fairs, seminars to promote useful interaction with the industries and alumni activities are some of the initiatives of Placement Office. Other initiatives include Hackathons conducted by MOUs for Curriculum and Faculty Development with industry giants like TCS, Apple-Infosys, Equitas Bank, KPIT, EY, EPAM and Wipro, to name a few.

The excellent infrastructure of the Career Center facilitates activities like pre-placement talks, written tests, group discussions, and interviews as per the requirements of the recruiting organizations.

The Career Development Center has three training verticals - Quantitative Aptitude Training, Soft Skills and Verbal Training. It has a team of highly experienced faculty, to prepare students across six semesters and to make them industry ready.

Super Dream and Dream Offers are made by Companies like WorkIndia, MotorQ, Amazon, Arcesium, DE Shaw, Paypal, Direct i, Barclays, Amadeus, Nielsen, Commvault, Oracle, Adobe, Capgemini, Deloitte, Bank of America, ZS Associates, Fractal Analytics, EY and many others. Even among the core sectors, companies such as Hero Motocorp, Reliance Industries, Akzonobel, HUL, IFB, Siemens, Titan, Ceat, Hitachi ABB, Fiat, Linde, Schneider, TATA Chemicals, L&T group, Cummins, KPIT, Adani Group, Nilmal etc., who offered packages ranging from Rs. 5 Lakhs

p.a. to 1Cr p.a. In addition, SRM is a preferred destination for IT majors like TCS, Infosys, Cognizant, Wipro, Capgemini, IBM, L&T Infotech among others.

In, 2022-23 SRM set a record of 11,000+ offers from 1100+ recruitment drives conducted at SRMIST to recruit talented students - a testimony to SRMIST's commitment to excellence.

DIRECTORATE OF LEARNING AND DEVELOPMENT

The Directorate of Learning and Development (DLD), SRMIST is a central facility aimed to achieve the institute's vision and goals of creating a unique learning experience, learnability and increase professional graduation rates by providing world standard and outstanding instruction. The prime responsibilities of DLD are;

a) Training and Development: To offer professional qualifications in Education and Leadership to academic leaders, teachers, teaching support staff, administrative support staff and students for induction and career advancements.

b) Technology Enabled Learning: To create and implement e-learning tools for learning management, simulation, virtual and live practice.

c) Educational Research and Outreach: To conduct academic research in the field of Learning and Development and collaborate with national and international research Institutions.

The DLD works closely with all the faculty and campuses of SRMIST to facilitate implementation of internationally recognized CDIO, TPACK curricular framework and IEEE-Purdue EPICS service-learning model for all UG, PG and Doctoral Programmes including assessment and evaluation to ensure professional quality.

The Cambridge Professional Development Centre at DLD helps faculty members acquire Certificate and Diploma Qualifications from Cambridge University, UK in Educational Leadership, Teaching and Learning, Teaching with Digital Technologies and Teaching Bilingual Learners.

DLD Digital Learning Tools

eLab: A web-based MOOC Programming learning tool that manages auto evaluation of Computer programs. eLab promotes logical thinking abilities and develops programming skills

eCurricula: An instructor-led technology enabled learning tool for theory-based courses. eCurricula measures learning and provides continuous feedback to the learners.

eSkill: A web-based ICT learning tool that aids users for preparation and skilling for competitive exams, aptitude, entrance examinations and other public-private sector exams

eCircuit: A web based electrical and electronic circuit simulator that helps one build low to high power circuits including communication circuits.

DLD follows the ISO 30422:2022 and ISO/TS 30437:2023 quality policy standards for its functioning.

STUDENTS COUNSELING CENTRE (SCC)

The SCC is a platform where students, teachers and parents stay connected. It is a centre for effective redressal of challenges and problems faced by students. It is a unique target oriented system that involves parents, teachers, wardens etc. The objective is to help students overcome concerns like anxiety due to exams, loneliness, and change in culture, low confidence level, hostel life, decision making dilemmas, academic problems, and lack of self-assurance or difficulty in adapting to the new environment.

Counseling gives the students a chance to talk their minds. It enables them to understand the cause of anxiety more rationally and helps them to cope and deal with difficult situations. Senior faculty members from all schools form the core team. Also, we have experienced and dedicated student counselors available in the campus for this purpose. All the matters discussed during the counseling are kept confidential.

Student Counseling Services

Dear Students,

You have just come out of the safety and nurturing environment called home and the parents who made that possible.

You are here on your own because your parents think that you are aged enough, mature enough and responsible enough to get into the next stage in life and start taking care of self. Apart from that, you are also ready to come out of home to study and to meet new people and experience new environment along with challenges that come with it. That does not mean, you are entirely on your own without help and guidance whenever you need them.

This place is going to be Home – away – from Home and have all the facilities to make your stay, a pleasant experience. At the same time, there are times when you may be confused, unsettled and restless for many reasons. It may be Loneliness, Problems arising out of Comparison with others in many things such as, Physical differences, Cultural differences, differences in Social standings of parents, Value systems, Language proficiency which cannot be spelt out openly. This may result in complexes, frustration, low self-esteem, lack of concentration, sleeplessness and so on. Apart from these, problems in friendships and relationships may arise. These things may result in problems in academics and campus life.

The help is very much near to you in the form of counseling within the campus and just a phone call away. Whatever you discuss with counselor will not be revealed to anybody else. This facility is completely free and dedicated to the mental wellbeing of the students. We are requesting you to make use of it whenever you need it without any hesitation whatsoever.

Moreover the Counseling Cell is functioning in Departments, you can also get their guidance in this regard.

Counseling is a process which offers the opportunity to explore those issues that are causing you concern or distress. It provides you with the time and space to talk about these issues in a confidential setting with a professionally qualified person. The counselor will not tell you what to do, but instead will assist you to think about your difficulties in a non-judgmental manner in order to help you find the best way to deal with them.

Our teams of counselors are enlisted with the ***Manodarpan-a*** MHRD Initiative to provide psychosocial support to students, teachers and families for Mental Health and Emotional Wellbeing covering all students from Schools / University / Colleges / Institutions of Higher Education. The ‘Manodarpan’ initiative has been included in the ATMANIRBHAR BHARAT ABHIYAN, as a part of strengthening human capital and increasing productivity and efficient reform and initiatives for the Education sector.

NATIONAL SERVICE SCHEME (NSS)

Fostering Social Responsibility and Community Development

Prof T Lakshmanan, PhD., Professor

Department of Mechanical Engineering

Programme Coordinator / SRMIST NSS CELL

nsscell@srmist.edu.in

National Service Scheme (NSS) is a widely recognized and influential youth-centric program in colleges across the country. NSS was established in 1969, the year Mahatma Gandhi celebrated his birth, with the primary goal of fostering the character and personality of student youth via volunteer community service. The ideals of Mahatma Gandhi provide as inspiration for the NSS's ideological stance. "NOT ME, BUT YOU" is the NSS motto.

NSS was commissioned in SRM Institute of Science and Technology in 2003. The activities of the SRMIST NSS mainly focus on Community Development Services, Social Service, Environmental Awareness Programs, Health Awareness Programs and Technology Transfer Programs. The NSS at SRMIST has guidelines to conduct various Regular and Special Camping activities.

Objectives and Structure

The SRMIST NSS program in colleges operates with a set of well-defined objectives. These include:

1. ***Community Service***: Encouraging students to actively engage in community service activities, addressing social issues such as education, healthcare, environmental conservation, rural development, and more.
2. ***Personality Development***: Providing a platform for students to develop leadership skills, enhance interpersonal communication, and build a strong ethical foundation through various training programs and workshops.
3. ***Empathy and Social Awareness***: Promoting a sense of empathy, compassion, and understanding towards the needs and challenges faced by marginalized sections of society, encouraging students to become responsible citizens.

The NSS program typically functions under the guidance of college authorities, with dedicated NSS units formed on campuses. NSS Program Officers, who are faculty members in charge of these units, oversee and coordinate a variety of operations. The program has a set structure that includes fieldwork, training sessions, and frequent meetings.

Activities and Initiatives: NSS programs offer a diverse range of activities that contribute to community development and student growth. These initiatives are designed to address the specific needs of local communities and promote sustainable change.

The Regular and Special Camp activities carried out are listed below:

- **Blood Donation Camps:** NSS often organizes blood donation drives on the campus in collaboration with reputed blood banks and hospitals. These camps provide an opportunity for students, faculty, and staff to voluntarily donate blood and contribute to saving lives.
- **Health and Hygiene Awareness Programs:** NSS conducts health and hygiene awareness programs to educate the community about the importance of cleanliness, sanitation, and personal hygiene. This may include organizing workshops, seminars, and awareness campaigns on topics like hand washing, health benefits of Yoga Practices, menstrual hygiene, and waste management.
- **Tree Plantation and Environmental Conservation:** NSS promotes environmental sustainability by organizing tree plantation drives and engaging in activities related to conservation and preservation of natural resources. They encourage students to actively participate in creating a greener and healthier environment.
- **Social Service Initiatives:** NSS organizes various social service initiatives such as visits to orphanages, old age homes, and schools for underprivileged children. Volunteers engage in activities like teaching, providing support, and organizing recreational activities for the residents or students.
- **Swachh Bharat Abhiyan:** NSS actively participates in the Swachh Bharat Abhiyan (Clean India Campaign) initiated by the Government of India. They organize cleanliness drives, awareness programs, and campaigns to promote cleanliness and proper waste management practices.
- **Rural Development Programs:** NSS conducts programs focused on rural development, aiming to uplift the underprivileged rural communities. These programs may include setting up health camps, promoting education, and empowering women through skill development workshops.

- ***Disaster Management and Relief:*** NSS provides training to students in disaster management techniques and actively participates in disaster relief activities during natural calamities. Volunteers help in distributing relief materials, providing medical aid, and supporting rehabilitation efforts.
- ***Awareness Campaigns:*** NSS organizes awareness campaigns on various social issues such as literacy, gender equality, drug abuse, Tobacco and alcohol effect on health and environmental conservation. These campaigns aim to sensitize individuals and communities towards the importance of these issues and promote positive change
- ***Other Social relevance activities:*** Donation of computers, appliances and kits to school children, Medical support to school children, ***orphanages, old age home*** and village public, distribution of herbal drinks (Kabasura kudineer, free face mask, awareness on hand wash and sanitization, etc.,) to general public in and around the campus and adopted villages, faculty, staff and students to the needed occasion like Dengue, Covid, etc.,

Impact and Benefits: Participation in NSS programs offers numerous benefits for both students and society as a whole:

1. ***Civic Engagement:*** NSS instills a sense of social responsibility, encouraging students to actively participate in community welfare activities and engage with social issues.
2. ***Holistic Development:*** Through diverse experiences and interactions, students develop leadership skills, teamwork, empathy, and a broader perspective on societal challenges.
3. ***Bridging the Gap:*** NSS acts as a bridge between educational institutions and local communities, fostering mutual understanding and collaboration for sustainable development.
4. ***Career Enhancement:*** NSS experiences and volunteering activities enhance students' resumes, showcasing their commitment to social

causes and community service, which can be advantageous for future employment or higher education opportunities.

Accolades of SRMIST NSS CELL

Every year, the NSS student volunteers observe Independence Day, NSS Day, and Republic Day on campus by inviting students from government schools and organizing fun activities that promote social awareness, order, cleanliness, discipline, healthy eating practices, and environmental awareness.

Red Ribbon Club (RRC) one of the clubs is functioning along with NSS bagged one of the “Best RRC units” award in Tamil Nadu during the year 2020 offered by Ministry of Health & Family Welfare, Government of India.

Three of our first-year students received medals and praise from the revenue department during the marathon held in honor of the Voters awareness program in 2019 and worked as volunteers during the Lok Sabha elections in 2019 alongside police and revenue officials. In 2013, one of our second-year students took part in the Republic Day parade in New Delhi, and in 2016 one of our first-year students won a prize in the marathon held near Marina.

Conclusion

The National Service Scheme (NSS) program attempts to develop in students the principles of civic participation, social responsibility, and active citizenship.

The program cultivates a generation of compassionate, responsible, and socially conscious individuals who are eager to contribute to the well-being of their neighborhoods and the nation as a whole. It serves as a bridge between social development and education.

The initiative fosters a generation of caring, responsible, and socially responsible people who are prepared to contribute to the welfare of their communities and the country as a whole. It acts as a link between education and social development.

The objective of National Cadet Corps is to develop character, comradeship, and capacity for leadership among the youth in India. The NCC at SRM motivates the students with the best training and the ideals of selfless service. The training inculcates team spirit and a sense of nationalism and it also helps in developing the overall personality of an individual. The SRM NCC Army Wing (Senior Division-SD) under 1 (Tamilnadu) Signal Company NCC [1 (TN) SIG COY NCC] was started in August 1996. The first and the second year students are enrolled for a duration of three years. SRM ARMY Wing enrolled girls in the NCC since 2005, and the total allotted strength including girls is 83. The Obstacle Area was established in the year 2009 to train the cadets. NCC parades are regularly conducted in Dr. T. P. Ganesan Auditorium Ground every Saturday from 7.00 to 11.00 a.m. as per the Parade Schedule. Pre-parade meeting is also conducted in front of the NCC Office every Friday from 4.30 to 5.30 p.m. The Naval Wing of SRM NCC was inaugurated on the 4th of December 2021. The Naval Wing of SRM NCC functions under the Command of 4 (TN) Naval Tech Unit NCC, ‘Madras Group B’. The SRM Naval Wing enrolls with range of 100 vacancy and it admits the SRMIST students with passion of learning ‘Unity and Discipline’. The boys and girls are formally called as Senior Division and Senior Wing.

The NCC cadets actively participate in the Independence Day and Republic Day celebrations in the campus. Annual Training Camp, Republic Day Camp (RDC–New Delhi), Inter Group Competitions (IGC), National Integration Camp (NIC) and special

camps such as Trekking Camp, Boat Pulling Camp, Sea Attachment Camp, NTAC, NIC, Firing Camp are held periodically. The NCC cadets also get the opportunity to visit various countries like Singapore, Sri Lanka, Bangladesh, Maldives and Taiwan through Youth Exchange Program (YEP) to represent our country. SRM NCC cadets also organize social service events like Anti-Drug Rally, Blood Donation Camp, Anti-Plastic Rally. They visit orphanages and old age homes and tap public consciousness regarding Consumer Awareness, Cancer & AIDS awareness, etc. The Cadets are encouraged to complete “B” and “C” certificate examinations and to join Defence Services like Army, Navy and Airforce.

STUDENT AFFAIRS

The Directorate of Student Affairs is a body that is run for the students and by the students of SRM Institute of Science and Technology, Kattankulathur. Meant for everything cultural on campus, the Directorate comprises of multiple domains, clubs and houses. It organizes various events throughout the year to improve cultural integrity and break the monotony of lectures and labs.

STUDENT TEAM

MILAN

SRMIST (formerly known as SRM University) is renowned for its unwavering quality, and the high precedents set in the field of academics. The courses offered range from Engineering, Medicine, Dentistry and Science and Humanities conferring Graduate, Post Graduate and Doctoral degrees. Having been ranked as the top Multi-Stream Private University in the nation (Times of India), there is no looking back; SRM is constantly innovating and providing new opportunities and holistic experiences to the young minds of this progressing nation.

A very important fact that is associated with college experiences are events that can help students branch out and explore their talents in other fields. It is vital to celebrate art! Milan is one such event; it is a festival of sorts that encompasses events from various spheres like Dance, Music, Dramatics, Fashion, Literature, Creative Arts, and Gaming. This national level fest acts as a blanket to over 80+ events over the course of 4 days.

Apart from competitions, we also organize shows in the presence of talented artists and celebrities. John Abraham, Kamal Hassan, Asha Bhosle, Vikram, Mammootty, Siddharth, Jeeva, Shriya Saran, Shruti Hassan, Sarathkumar, Karthi, Devi Shri Prasad, Vetrimaran, Thaikkudam Bridge, Daler Mehndi, Aditya Roy, Kapoor and Vijay Devarkonda have graced this stage of ours in the past. The previous edition hosted performances by music producers DJ - Nucleya, Vishal-Shekar, Bass Jackers and singers Palak & Palash Mucchal, Vidya Vox along with the striking vocals by prominent playback singer Anushka Manchanda and Amit Trivedi. The Comedy Nights were taken over by the East India Company comedians Kunal Rao and Sahil Shah, Sorabh Pant and Redbull tour bus.

Over 14 editions, Milan has established for itself a strong brand that sees participants from over 190 colleges from the southern states alone. The upcoming edition promises to outdo the previous one, in terms of participation and experiences; the bar has been set high.

An event as majestic as this would not have been possible, had it not been for the support of our patrons, and various organizations having faith in our brand. We are reaching out to you to explore the possibility of collaborating with our cultural festival. We believe that your company's presence at Milan would be a valuable addition, and would offer a great opportunity for your brand to connect with a large and diverse audience. This event is ripe with an audience pool of 2,80,000 and growing. With the demographics largely consisting of the youth, the organic reach/publicity would be ideal for any company. If any of your clients have products which target this group, we would appreciate it if you could put us in contact with them. We would love to discuss the details of the same in person.

The following comprise the extravaganza that Milan is known for:

1. 80+ Events
2. Pro Shows
3. DJ Night
4. Fashion Show Night
5. Battle of the Bands
6. Comedy Night
7. Events and activities spread over 13 Domains (Music, Dance, Fashion, Sports, Gaming, Fun zone, Special Events, Literary, Creative Arts, Movies and Dramatics, Self-Defence and Online Events).

Aaruush Highlights

Aaruush excels in the platform of entertainment. On all the 4 exhilarating nights of Aaruush, the atmosphere is filled with anticipation and excitement. Aaruush, over the years, has attracted luminaries such as Shri Ramesh Pokhriyal (Hon'ble Minister for Human Resource Development), Dr. V. Natarajan (Ministry of Defense, Defense R&D Organisation), Mr. Suresh Raina (Indian Cricketer), Dr. V. K. Saraswathi, Dr. Eswar Natarajan, Mr. Sam Pitroda, Dr. Tessy Thomas, General Dr. V. K. Singh (former Minister of External Affairs), Mr. P. K. Malhotra (Former Secretary, Ministry of Law and Justice), Dr. A. S. Kiran Kumar, Mr. Anand Kumar, Ms. Sharddha Sharma, Mr. Shravan and Mr. Sanjay Kumaran, Mr. Harsh Songra, Ms. Mira Erda, Mr. Jairam Pillai, Ms. Bhargavi Sunkara (The Head of Asset Servicing Technology), Dr. Bhardwaj (Director PRL), Dr. Mohan Rajesh Elara (Assistant Professor at SUTD), Ms. Jill Tarter (Former director at Centre of SETI Research), and Mr. Medani Bhandari (Editor-In-Chief at The International Journal), Dr. S. K. Singh (Director - NCDC) among many others addressed the gathering with their enlightening guest lectures.

Aaruush has seen artists such as Kanan Gill, Kenny Sebastian, Varun Thakur, Zakir Khan, Abhishek Upamanyu, Nikhil D'Souza, Arjun Kanungo, Shirley Setia, Nitin Gupta, Dilip Chhabria, Rajat Kapoor, Nishant Suri, Shivankit Singh Parihar, Badri Chavan, Sunny Hinduja, Arjun Kanungo and bands such as Agnee, Ekta, Attva and The Local Train enthrall the audience. The specially conducted Pro-shows have also had guests such as Sunil Gogoi, Garip Ay, Vilas Nayak and J. Walt to wow the people with their talent.

Utilizing the perennial potential of social media, Aaruush also hosted a wholesome series of LIVE interactions on Instagram with celebrities and dignitaries such as Mr. Saurabh Sachdeva (Actor & Acting Coach), Ms. Alyssa Carson (Astronaut & Mars-One Ambassador), Ms. Alisha Abdullah (race Motorist), Ms. Shreya Gupta (Actor), and Mr. Sachin Rai (Professional Photographer).

Challenges & Championships

Competition is a vital part of any fest, and it is no different with Aaruush. ‘Championships’ brings to the students a platform to test their skills, compete against one another, and emerge victoriously. It involves several events and activities in highly competitive fields such as Coding, Sports, and Robotics. Some of the highlight tournaments include Capture the Flag Challenge, Online Design Challenge, Photoscope, HACK-SUMMIT, RC-Car Championships, Machine Learning Challenge, Quadcopters, Revival of Rivers, Life Support Challenge, Code Matrix, Online Design Challenge and many more. On the occasion of the tenth anniversary of the largest global hackathon hosted by NASA, team Aaruush partnered with the Local Lead from Chennai and organised an open to all international hackathon to address real-world issues with out-of-the-box ideas.

Workshops

Workshops are the medium to engage students with the real world and connect them with the current and trending topics of the industry. Workshops aim to provide opportunities for the participants to interact with professionals. Experts, covering all major disciplines dissipate their experience and knowledge through such

workshops. Aaruush has had a plethora of workshops engaging several sectors of interest, ranging from Modernized Automotive Dynamics, Cognitive Computing Workshop, Digital Marketing Workshop, Social Media Marketing, Microsoft Power BI to Diving deep into Blockchain, crypto and all things Web.

Aaruush Educates

Aaruush, along with an array of technical events, has a social essence to the fest. Supplementing the fest with a tinge of social responsibility, Aaruush organises an interactive event with the underprivileged children and introduces them to basic concepts of science, maths and other basic facts. In the last edition, Team Aaruush took a step further and also organized this event for the Old Age Homes to empower them and contribute in their little way. During the pandemic, Team Aaruush still kept the spirits up high and made sure that education was imparted to one and all via the online platform.

Young Minds

In this ever-developing world, only the brightest minds can bring about a revolution. To nurture the next leaders of this nation and mould them young, Team Aaruush organizes Young Minds – the national level interschool competition. It is an umbrella of engaging and educative events ranging from Quiz Competition to coding, Spelling-bee, debate, Science exhibition and informative workshops on challenging events.

SRM RUN

It is a world-record-holding eco-marathon that has been organized by Aaruush since 2015. It is a platform where people from all walks of life come together for a cause and spread awareness. The 5.4 km marathon has seen exponential participation and for its 5.0 edition with 1500 participants and the highlighted cause was 'Saving Water before it runs out. As the beacon of change, even during the times when people were restricted to their houses and had menial contact, Team Aaruush partnered with the impact app and offered the patrons of Aaruush a chance

to raise money through individual effort. Aaruush strives for the betterment of society and the environment and continues to do so with the partnership with the impact app. Encouraging people to passively track their steps no matter what work they're indulging in, be it indoor or outdoor. Impact donated Rs.10 for every 1 Km covered by the user, which enabled us to contribute to the world without leaving our homes and follow the motto of running towards a cause.

Plantation Drive

The Plantation drive is a pre-Aaruush initiative which is undertaken to symbolize the responsibility we have for our environment. It also highlights the climate changes happening around the world and how, individually, one can contribute to a better tomorrow.

T-Summit

The Technical Summit (T-Summit) intends to contribute to society by developing innovative ideas. Innovation is a long process that proposes an irrefutable outcome of development. T-Summit is the gathering of the intellectual cream of the nation for the sessions of unparalleled brainstorming and exchange of ideas. It provides a common platform for fruitful interaction among the colleges of India – to come together and deliberate on issues pertaining to the progress and development of the nation as a whole.

The first edition was presided over by Dr. Avinash Chander, advisor to the Defense Ministry, and Secretary, Department of Defense Research & Development. T-Summit '21 was chaired by Dr. V.K. Saraswat, Guest of Honour- Prof. Syed Ehtesham Hasnain and Special Guest and Mentor Dr. Atul Gurtu, T-Summit 5.0 was a groundbreaking venture in the fest's history and was held on 11th and 12th September.

T Summit '22 hosted Dr Harsh Kumar Gupta, Guest of honour Mr. E. D. Jemmis, Valedictory Chief Guest Mr. Govindraju T and our guiding force who has been a

mentor since the inception of the conclave, Mr. Atul Gurtu. The two-day conclave commenced on 23rd April '22 and saw the participation of a great many prestigious colleges.

Wednesday Speaks

Wednesday Speaks is a unique lecture series where the faculty members and distinguished professors from SRMIST and other colleges speak to the students on a topic provided in advance, opening up pathways for students to explore different fields and garner knowledge from learned personals.

In Aaruush '20 we took a step forward toward the “Transitioning to Solar Energy - Bright or Dim?” with Dr. S. Chandravathanam. Another Wednesday Speaks was conducted on 18th November 2020 on the topic “Covid Vaccine- How close are we?” by two significant professors, Dr. Satyajit Mahopatra and Mr Melvin George.

Aaruush 21 saw its first online Wednesday Speaks on Design Thinking: Applications in Architecture Studio by Mr Anoop Menon.

Coming back to the offline edition in its full glory, Team Aaruush in the sixteenth edition (Aaruush'22) conducted 3 Wednesday Speaks. With one of them being online and the other offline, they covered the topics of ‘Role of Nanotechnology in IoT applications’, ‘The brand called You’ and ‘Emotional Intelligence’ respectively

The Unconference of Aaruush '20 had the agenda “Career satisfaction v/s Sustainable Career” and saw an enlightening discussion amongst the panellist, which bore fruitful learning.

The Unconference of Aaruush '21 brought light upon the “Impact of Automation on Future Jobs” with distinguished guests from the field.

Unconference conducted in Aaruush '22 saw a deliberation by esteemed personalities on the topic Radical and Disruptive Innovation: The Trend vs The Priority.

Liter of Light

Liter of Light is a campaign that brings about change by giving something back to society. In search of the right answer, the Aaruush team installed solar-powered hassle-free daylights in the houses and huts in areas close to the campus.

Team Envision

Team Envision is a Multidisciplinary technical team of Aaruush that aims to provide solutions to most campus and societal issues and problems. The Team comprises well-trained individuals in various fields of engineering technology. The team attends competitions and carries-out various activities and projects. It also conducts workshops for school and college students in and around Chennai and hopes to expand its wings in the future.

Recently, Team Envision, worked on two ground-breaking applications to help society when it needed it the most.

The “Near You” app is a crowdsourced initiative that provides a platform for tracking open marketplace/shops personalized to the user’s location. The other one, called the “Here for you” app is developed with direct consultation from experienced professionals. Through standardized test algorithms, it determines the user’s mental health and suggests whether they should seek any help.

Industrial Conclave & Unconference

It is a platform which bridges the gap between industrialists, entrepreneurs and students. It is a forum which revolves around a central agenda. A panel of experts shares their views on the agenda. The aim is to obtain a broad perspective on the challenges and risks faced by aspiring industrialists. The agenda for IC Aaruush ‘19 was ‘Interstellar Voyage: Inception of Light Years.’

In the successive edition, Aaruush’21, the panel discussed, a revering agenda, “A Digipreneurs Path: Business Visionary or Pioneer of Social Change”, promoting the ideas of young budding entrepreneurs.

Unconference aims to connect the institution and the outside world, providing exposure to marketing and business techniques to the students. It is a participation

driven forum where eminent guests take part knows in an interactive session with the audience. A constructive discourse is held based on the topic of discussion. The topic for UC in Aaruush was 'Social Media: Impact on Present and Future.' The Unconference of Aaruush '20 had the agenda "Career satisfaction v/s Sustainable Career" and saw an enlightening discussion amongst the panellist, which bore fruitful learning.

The Unconference of Aaruush '21 brought light upon the "Impact of Automation on Future Jobs" with distinguished guests from the field.

Aaruush Connects

Learning and inspiration have no bounds and the distances are just reduced to a number. With the same objective in mind, Team Aaruush organized a unique series of interactions with renowned international dignitaries called Aaruush Connects. Some of the prominent guests included Charlie Ward (former American NBA athlete), Malika Malik (Data & AI Cloud Solution Architect at Microsoft), Miri Rodriguez (Global Head of Internships at Microsoft), Shreyansh Daftry (Robotics Technologist at JPL, NASA) and John Eades (CEO – Learnloft).

Mindfulness – An Aaruush Initiative

Mental Health is a complex subject to acknowledge and should be given as much attention as would be given to any other ailment. In the same spirit, Team Aaruush organized a series of immersive sessions called Mindfulness – where Mental Health experts & psychiatrists interact with the audience and give deeper insights on the matter. Some notable guest speakers for this initiative include Dr K.V. Kishore Kumar (Director-The Banyan and BALM), Dr Raghu Klrn Appasani, MD (Founder & CEO- MINDS Foundation), Mr Ashish Kasbe (Senior Music Therapist at Kokilaben Dhirubhai Ambani Hospital) and Ms Sangeetha Param (Renowned TedX speaker). Team Aaruush in collaboration with the Directorate of Alumni Affairs also conducted a Mindfulness session on Tapping one's inner strengths and had the pleasure of hosting Dr Archana B (MBBS, MD, Assistant Professor - Dept of Pathology, Sri Ramachandra Medical College).

PROFESSIONAL TEAMS, STUDENT CLUBS, CHAPTERS & ASSOCIATION

ELECTRONICS CLUB

Faculty Mentor: Dr. A. V. M. Manikandan, Dept. of ECE

manikanm@srmist.edu.in

Electronics club is the student-run organization that strives to impart enthusiasm and passion for electronics and allied fields among students of ECE. It aims to cater to the various primary needs that are to be addressed to keep in pace with the ever-evolving field of electronics. It also helps to uncover those key topics that are not part of the curriculum. This club deals with the simplest topics to the most complex ones and helps the students grow in their career. “COMET” an E-magazine is brought out by this club. TEDxSRM Kattankulathur Conference and Arduino Day are hosted by the Electronics club. For more details visit

THE CAMBER RACING TEAM

Faculty Mentor: Dr. Leenus Jesu Martin, Professor, & Mr. M. Jerome Stanly, Dept. of Automobile Engineering

Camber Racing is the official Formula Student Combustion team of SRMIST. It comprises of 40 undergraduate students from a broad range of engineering disciplines, who apply their collective intelligence to engineer an open wheel race vehicle. The team participates in various national and international design competitions organized by the Society of Automotive Engineers (SAE), namely Formula Bharat and Formula Student Germany. From the conception in 2009, the team has been passionate about learning and creating the ultimate racing machine. Their achievements and prototypes created over the past 7 years can be viewed in the following link: ***<http://www.srmist.edu.in/camberracing/index.htm>***.

THE CONRODS

Faculty Mentor: Dr. P. Baskara Sethupathi, Dept. of Automobile Engineering

The Conrods is the official BAJA SAE Off Road Racing team of SRMIST Kattankulathur Campus. It comprises of 25 dedicated and passionate undergraduate students from a broad range of engineering disciplines. It is the place of future leaders who have already marked their position in motorsports. The team in association with the Society of Automotive Engineers (SAE), India chapter promotes engineering excellence. The Conrods was established 2008. The team participates in BAJA SAE events in National and International fronts. BAJA SAE events provide an environment of healthy competition with a chance to expand the knowledge base and technical skills, while having fun all along the way. Here, students are encouraged to use the knowledge gained in the classroom to come up with creative and innovative designs. Hands on knowledge gained from this gives the students a competitive edge when entering into the industry. Visit <http://www.srmuniv.ac.in/thecanrods/index.htm>. For required information.

4ZE RACING

Faculty Mentor: Dr. Leenus Jesu Martin, Professor, Dept. of Automobile Engg.

The word ‘4ZE’ stands for “FOR ZERO EMISSION”. 4ZE Racing is the official student formula electric racing team of SRMIST. It is a team of 60 highly dedicated and passionate undergraduate students whose main passion lies in engineering and achieving new possibilities. The team works toward energy efficiency and aims to develop a sustainable environment. The team is completely managed by students, and its three domains Mechanical, Electrical and Corporate work hard together to get it rolling on the ground and make it to the level where it can compete with the cars worldwide.

The spark was ignited in 2012 when a group of students decided to build a car the knowledge they gained from college and give the world a non-polluting vehicle. The team participates in international events such as FSAE held across the globe and compete with world class teams. Visit www.4zeracing.com. For required information

SRM SAE Collegiate Club

**Faculty Mentors: Dr. M. Cheralathan, & Dr. P. Baskara Sethupathi,
Dr. R. Murugesan, School of Mechanical Engineering**

The SRM SAE Collegiate Club organizes events every semester to provide a platform to budding engineers to showcase their skills and implement what they learn in their textbooks. The club also organizes various workshops and seminars every semester to increase awareness among students about the latest trends in the field of automobile, aerospace and advanced mobility. Members of this club also get the privilege to become a member of the esteemed worldwide organization and also get access to the SAE research papers. The students also get the latest insights from the industry in the form of SAE newsletter every month.

INFIEON SUPERMILEAGE

Faculty Mentor: Mr. S. Logeshwaran, Dept. of Automobile Engineering

Infieon Supermileage constituted in 2012, is the official team of SRMIST participating in the Shell Eco-Marathon. The team comprises of students from different engineering domains who have come together to build highly fuel efficient vehicles. The team also plans to spread the message of 'Fuel and Energy Conservation' through its various campaigns around the country. The team believes in continuous learning, the motto being "Journey is the Destination!" The official Supermileage Team of SRMIST, Chennai design, fabricate and test ultra-fuel efficient prototype vehicles for participating in Shell Eco-marathon Asia. Visit www.infieonsupermileage.com. for required information.

ENIGMATIC PLODDER

Faculty Mentor: Mr. S. Madhan Kumar, Dept. of Automobile Engineering

Enigmatic Plodder is the Official Quad Bike team of SRMIST, Kattankulathur, Chennai. Enigmatic Plodder, formed in 2014, is the result of zeal and determination of engineering students who wanted to create a difference. The student run, non-profit team specializes in the development, design and fabrication of All-Terrain

Vehicles also known as Quad Bikes, and takes part in national competitions, namely Quad Bike, Design Challenge and Quad Torc. The team ensures its evolution by designing each of its vehicle with changes and significant improvements over its predecessor. Visit www.enigmaticplodder.com for required information.

TEAM FULL THROTTLE

Faculty Mentor: Mr. D. Boopathi, Dept. of Automobile Engineering

The team was established in 2013 through the arduous efforts of enthusiasts, who wanted to understand more in practical terms how an automobile functions in the real world. In the process of achieving the target of making a small vehicle, the team also wants to create a proactive work environment for encouraging young enthusiasts and providing them with an ideal platform for exhibiting their skills. The team wants to focus on something simple and effective and has common populace as a wider audience group in the scenario of motorsports. Hence the Go-Kart championships are chosen as core sector.

The team gears up for the event conducted by SAE Collegiate Club of Lovely Professional University under the title of IGC (International Go-Kart Championship). This is the second largest event for Go-Karts next to NGKC (Currently renamed GKDC - Go-Kart Design Championship).

IET-IOT CLUB

Faculty Mentor: Dr. Revathy Venkatraman, Chairperson, School of Computing

The objectives of the club are

- To create a series of activities which will lead to the acquisition of IOT skill set for the students of our University
- To build a capable and talented start-up community and entrepreneurial ecosystem for IoT
- To provide an ecosystem for innovation to thrive and embrace entrepreneurship

- To energize research mindset and reduce costs in Research and Development by providing neutral and inter-operable, multi-technology stack laboratory facilities
- To reduce import dependency on IoT components and promote indigenization
- To provide environment for product Creation, Testing and algorithms for Validation and Incubation
- To create innovative applications and domain capability across verticals for the country's needs such as Smart City, Smart Health, Smart Manufacturing, Smart Agriculture, etc.

SRM TEAM HUMANOID

Faculty Mentor: Dr. M. Sangeetha, Dept. of ECE

The team was formed in 2013 with 12 members. It partakes in international competitions and plans to continue its research in the fields of Artificial Intelligence, Humanoid Manipulation, Human Robot Interaction and Machine Learning. The team aims to put India as the forerunner in Robotics Research and to win more accolades for the Nation and the University.

AAKASH RESEARCH LAB

Faculty Mentor: Dr. S. Vasanthadev Suryakala, Dept. of ECE

Aakash Research Lab, a part of ECE department is an aspiring team from SRM Institute of Science and Technology which deals with application development for Aakash tablets and its operating environment. Aakash is a low cost tablet computer that is promoted by the Government of India under the program National mission On Education through ICT to link various engineering colleges and universities in e-learning program. SRMIST has been identified as a remote centre to carry out this mission. Team Aakash has a reputation of creating applications based on android which is both helpful and informative for its users.

OPTIZEN

Faculty Mentor: Dr. Shanthi Prince, Department of ECE

The Vision of OPTIZEN is to expose the students to challenges awaiting them in the field of Optics and Photonics, to create a friendly environment that encourages out of classroom learning experience, and to provide a platform for innovation through practical skills. Missions of the group are to Organize workshops, seminars, competitions, and outreach activities to expose students to real-time challenges, uplift them to engage in various events and competitions, to enable students to face any hurdles in their way of learning and be dynamic along with the growing technology.

TEAM-EMBELLIGENCE

Faculty Mentor: Dr. A. Ruhan Bevi, Department of ECE

Team Embelligence is a faculty mentored student association in the Department of ECE to provide opportunity for students to broaden their knowledge of embedded systems programming and its applications. This forum would bring an interaction between the students who have a shared interest in embedded systems

TEAM SRM UAV

Faculty Mentor: Mr. Mahendra Perumal, Dept. of Aerospace

Established in 2013, SRM UAV is a team of highly enthusiastic undergraduates that aim at creating efficient solutions to real military and civilian problems which can be solved using Unmanned Aerial Systems. The student members work to achieve their goals and participate in several competitions and expos and bring laurels to the institution. Being a part of this team also opens the door for the publication of quality research papers in reputed journals. Visit www.srmuav.com for required information.

STUDENT COPTER RESEARCH ORGANISATION (SRM-SCRO)

Faculty Mentor: Mr. Mahendra Perumal, Dept. of Aerospace

Student Copter Research Organization is a dynamic student-based research team with the facilitation of SRMIST, Chennai. It was established in August 2013 by two students with copters at its primary focus, the team now is a highly multidisciplinary team and consists of students from various domain such as Design and Fabrication, Flight Systems, Computer Vision, Web Development & Corporate. With the zest to Inspire, Initiate and Innovate this team brings many laurels to the university by participating in multiple national and international events. Some prominent events and projects include Aero 360 a national level aero modelling competition, the Singapore Space Challenge '13, AAWMD – Autonomous Ambient Weather Monitoring Drone wherein the team has to create an innovative weather monitoring system, the International Micro Aerial vehicle 2014, SAREX18 (Search And Rescue EXercise-2018), AAKRUTI 2018, Op Rahat – Techfest at IIT Bombay and Tatamakerthon challenge at IIT Bombay. The team hosts the national level aero fest ‘Udaan’ with events such as Drone races, workshops for 3D printing and crashed aircraft safety drill. The team has won 1st place in Forensic Hackathon organised by Govt. of Uttarakhand, XDesign challenge conducted by Dassault Systems, Aerothon 2021 organized by SAE India. With the winning tag of Aakruthi 2018 Design challenge held at Dalla, Texas (USA) which was conducted by Solidworks, the team was selected for Smart India Hackathon for two consecutive years. With all the above achievements, SCRO is also proud of publishing multiple research papers in the field of aviation. Visit www.srmscro.com for required information.

TEAM RECON SUBSEA

Faculty Mentor: Dr. G. Y. Rajaa Vikhram, Dept. of EIE

Team Recon Subsea is SRMIST's official ROV team. Located in the Kattankulathur Campus on the outskirts of Chennai, Recon subsea is a 25-member team of budding tech enthusiast engineers from various backgrounds working on the objective of popularizing the growing field of marine technology in their campus and

beyond. What started as a major project of an alumni of SRM, Mr. Tony Phillips, is now fully established as a Marine Research Team.

Recon Subsea has a standard domain-wise structure common amongst college teams. The Students are divided into 5 domains; Coding, Electronics and Power Systems, Mechanical, Corporate and Graphic Design.

Recon Subsea's primary objective is to participate in the MATE ROV Challenge which is held in the USA every year. Since 2018, the team has built ROVs for the yearly problem statement and participated in the regional competition. The team travelled to Indonesia with their first major project called Rusty. The team ended up achieving 4th position in ASEAN regional competition. A year after this, in 2019, when the Regionals were held in Mumbai, India the team manufactured their second major robot called Varun. This robot and the team that went with it secured Second Position all over India. They also won the Innovative Design Award highlighting the advancement they had made in the last year. The team used the experience and technical know-how from this competition to publish their first research paper called floatbox: An Innovative approach to designing methodology for remotely operated underwater vehicle.

SRMKZILLA

Faculty Mentor: Dr. S. Karthick, Dept. of Computational Intelligence

SRMKZILLA is a part of the network of Mozilla Clubs inspired by the Mozilla Learning Network. It is an active and professional technical club of the University for the last 4 years. The club provides a very good platform for students to test their skills both technical and non-technical by engaging them in different activities such as working on open source projects, development of websites, an organization of technical fests, workshops and so on.

TEAM 1.618

Faculty Mentor: Dr. K. Mohanraj, Dept. of EEE

TEAM 1.618, the Official HYBRID VEHICLE RACING TEAM of SRMIST. It participated in the Hybrid Vehicle Challenge-2018 (HVC) which took place from the 17th-21st of January, 2018 in The Buddh International Circuit, Greater Noida.

Hybrid Vehicle Challenge is Asia's largest Hybrid Vehicle Racing Competition organized by the Imperial Society of Innovative Engineers for the budding engineers to use all of the classroom knowledge alongside their creative and innovative ideas into designing and fabricating a formula type race car according to the international standards.

Out of the 103 teams, the Team emerged victorious clinching the Championship title alongside the Best Hybrid Vehicle Award and the Virtual Round Winners Award. Other achievements include second place in best design, best business plan and cost, innovation and weight test respectively.

SRM RUDRA

Faculty Mentor: Dr. A. Rathinam, Dept. of EEE

RUDRA is the official **Mars Rover team** of SRM Institute of Science and Technology which has been participating in the University Rover Challenge (URC) organized by the Mars Society at MDRS, Utah, USA, since 2013 (<https://www.srmrudra.com/team-page>). Kattankulathur. Our Team consists of over 30+ undergraduate students from various disciplines of Engineering and Technology right from first year to final year UG students, with the aim to develop a Mars Rover which meets international standards for the University Rover Challenge and other similar competitions. The team's primary focus is excelling in the University Rover Challenge which is a premiere International Robotics competition and Indian Space Robotics competition for space exploration. It held the following positions over the years at URC:

- **URC 2013:** World Rank: 5th Asia Rank: 1st
- **URC 2014:** World Rank: 5th Asia Rank: 1st

- **URC 2015:** World Rank: 12th Asia Rank: 2nd
- **URC 2016:** World Rank: 9th Asia Rank: 1st
- **URC 2017:** World Rank: 20th Asia Rank: 2nd
- **URC 2019:** World Rank: 11th Asia Rank: 2nd
- **IRC 2020:** World Rank: 3rd Asia Rank: 1st

CONCRETE CANOE RACING TEAM

Faculty Mentor: Mr. S. Pradeep, Dept. of Civil Engineering

Concrete Canoe Racing Team (CCRT) was founded in 2015 with the objective of making light weight concrete canoe, the team decided to participate in the India's First Concrete Canoe Competition 2015. Adithya Eswaran and Vishruth Krishnan, along with 12 other students of department of Civil Engineering conceived the idea under the guidance of Assistant Professor, Mr. S. Pradeep. SRM CCRT has won India's First Concrete Canoe Competition with our first canoe "THIMIL". The team of 12 members designed a second canoe "NAVAI" for research purpose in 2016. In 2019, the 13 members team is doing research to make light weight 5m concrete canoe, and the team decided to participate in International Concrete Canoe Competition 2020.

TEAM URJA

Faculty Mentor: Mr. S. Pradeep, Dept. of Civil Engineering

The team was formed in 2017 with the aim of fabricating light weight solar powered boats. The team decided to participate in the annual Solar Splash Competition 2019 held in the USA. The team specializes in fabricating light weight Solar powered boats based on the requirements of the competition and conduct the research on the same. The Team consist of 8 passionate Undergraduate Engineering Students from various engineering disciplines such as Civil Engineering, Mechanical Engineering, Electrical and Electronics Engineering.

SRM WRO Team

Faculty Mentor: Mr. K. Sivanathan, Dept. of Mechatronics Engineering

The team works on building an autonomous robot which could arrange the tetra cubes autonomously in a given pattern. Since the robot needs a complete autonomy, the team comprises of student members from different disciplines. The key research avenues are locomotion, sensor fusion, SLAM, control of autonomy, communication and so on. The team was formed in the year 2016 and participated in a national level WRO competitions in the year 2016 and 2018. The team endeavors to build the autonomous robot as a product eventually. In addition, the team participates in the World Robot Olympiad Competitions.

SRM ASV (SRM Autonomous Surface Vehicle) Team

Faculty Mentor: Mr. K. Sivanathan, Dept. of Mechatronics Engineering

The team works on building an aquatic boat which could perform different missions autonomously on the surface of water. As the boat exhibits complex dynamics, it poses great challenges in control and navigation. There are several research avenues in Autonomous Surface Vehicle such as perception, sensor fusion, control of autonomy, communication and so on. Since its conception, the team has built several variants of ASVs with different capabilities. Although the team's mission is to eventually develop ASV as a commercial product, the team participates in the international Roboboat Competition conducted by AUVSI foundation annually. The team acquired 2nd position in Static Judging Phase of the International Roboboat Competition 2016 held in the USA.

Team SPARS

Faculty Mentor: Dr. T. Muthuramalingam, Dept. of Mechatronics Engineering

The team is continuously participating in aero design events conducted SAE both within the India and USA, since 2017. The aim of the team is to develop unmanned aerial vehicle based on the constraints provided by the organizer. The future goal of this team is to apply research concepts in UAV control for the benefits of the students. It is planned to have commercialization of the fabricated model. This team

participated in many international events held under two classes namely Advance class and Micro class. Competing with many international teams the team have achieved milestones and were appreciated by the judges. The outcome of the event participation is also aimed in external project funding and students placement.

Team D.I.R.T (Dive into Robotics Technology)

Faculty Mentor: Mr. S. Vasanth, Dept. of Mechatronics Engineering

Team D.I.R.T (Dive into Robotics Technology) a nonprofit student driven organization founded in the year 2016 under the department of mechatronics engineering. The objectives are to create general awareness towards robotics technology and to provide opportunities for the team members to gain invaluable hands-on engineering and experience as they design, fabricate and compete combat robots. Team DIRT also the official Combat Robot Team of SRMIST under SIIEC was formed to nourish the Consortium of students in order to advance in the field of futuristic technologies. We as a team have participated in various competitions and have earned laurels for our university. The team bagged many awards since its inception.

ETROS RACING

Faculty Mentor: Mr. S. Vasanth, Dept. of Mechatronics Engineering

ETROS racing a non-profit student driven organization founded in the year 2014. The objectives are to create general awareness towards green technology by promoting alternate and efficient sources of fuels and to provide opportunities for team members to gain invaluable hands on engineering and business experience as they design, fabricate and race solar cars. The team operates under the supervision of SRM Innovation and Incubation Entrepreneurship Centre (SIIEC) which aims of collaborating the various teams in the university to provide a superior working environment. Our solar car was showcased in Global Exhibition on Services (GES 2016), a global platform offering opportunities for networking and business delegations from across the world. It is organized by the ministry of commerce and industry (Government of India) under Make in India campaign. This team

continuously participated and bagged awards in Indo Asian Solar Challenge 2015, 2016, 2018, and Electric Solar Vehicle Championship 2016, 2018.

Team Auto-creed Racing

Faculty Mentor: Mr. S. M. Vignesh, Dept. of Mechatronics Engineering

Team Auto-creed Racing works on fabricating electric racing go-karts. Electric vehicles are the future and aim for sustainable development. Auto-Creed Racing is a venture started in SRMIST in the year 2015. It is home to the first Electric Go-Kart of the University.

Auto-Creed Racing is a motorsport racing team which envisions to bring a clean version of go-kart racing to the competitive college racing scene. With its genesis in 2015, Auto-Creed Racing comprises a team of dedicated individuals working towards integrating strong and innovative engineering practices into manufacturing. Building the team from ground up, now it has evolved into a group which is determined to continue on its winning spree and progress into the multifaceted world of motorsport racing.

TekMedica

Faculty Mentor: Dr. Varshini Karthik, Dept. of Biomedical Engineering

A student technical club ‘Tekmedica’ has been formed to kindle students’ innovation and to carry out projects with self-motivation. The major interest is with healthcare innovations and point of care medical devices. The team aims to work on a multidisciplinary approach making itself one of the most popular tech team in the region.

Centre for Lean and Six Sigma (CLASS)

Faculty Mentor: Dr. E. Vijayaraghavan, Dept. of Mechanical Engineering

The centre is established with the support from MSME Technology Development Centre, Agra. Around 248 students have become Six Sigma Green Belt Professionals and 12 students have become Six Sigma Black Belt Professionals. More than fifty Internships have been offered to the students so far, in the companies like Caterpillar, Ashok Leyland, Ford India, Toyota, RANE TRW Steering

Systems, RANE Engine Valves, Yamaha Motors India, Butterfly Home Appliances, VPG Sensors, and Sundaram Motors. The programs are offered with the support of industrial experts.

Team Super Ignitors

Faculty Mentor: Dr. R. Pankaj Kumar, Dept. of Mechanical Engineering

Team Super Ignitors is a workstation where like-minded people compile to find technical, educational and co-operative excellence for the team. The main core motive is the systematic development of the group chained under proper leaders, the board of directors, mentors, technical, leads and members adjoining us in this travel. Team Super Ignitors, a team of engineering students from various branches was formed on 14th October 2017. It's an RC IC car race team aiming to build their own cars and race it in different events. The team has participated in various RC car events held at different IITs and NITs in recent years and represented SRMIST.

Team Hybrutos Racing

Faculty Mentor: Dr. P. Nandakumar, Dept. of Mechanical Engineering

Hybrutos Racing is the official formula hybrid team comprising a faction of 35 engineers of various inter-disciplinarian manoeuvres to fabricate racing cars for Formula Hybrid Competition, held at Loudon, New Hampshire, USA. The team believes in 3P's: Passionate, Performers and Perfectionists, never willing to compromise on quality and hard work. The team uses the most advanced modeling and analyzing software to design the hybrid race car in order to emblazon their mission towards a brighter future through sustainable development. On completing its hybrid prototype 'Fury' in March 2015, the team unveiled its first hybrid race car 'Alpha' in April 2016 and secured overall first in "Hybrid in progress" category on its

debut at Formula Hybrid Competition 2016. The team has won the overall third place in Formula Hybrid 2017 (Hybrid Class) and the spirit of Formula Hybrid Award.

The team participated in the event Formula Imperial-HVC-2019, which is a student formula style vehicle design and manufacturing event. The 5th Edition of the event was held between 4th and 10th February, 2019. This season of Formula Imperial was held at Galgotias University, and Buddh International Circuit, Greater Noida. The team cleared the Technical Inspection and Brake Test successfully and thus was allowed to participate further in the dynamics events. In Business plan presentation, the team had to prepare a business strategy as a start-up and seek investments from the investors & in Cost Presentation, the team was evaluated on the basis of its understanding of the manufacturing processes and the cost incurred for the production of a prototype.

The team secured 1st position in B-Plan & Cost Presentation. The team was also selected for the Best Design award.

Team Infi Alpha Hyperloop

Faculty Mentor: Dr. S. Prabhu, Dept. of Mechanical Engineering

Infi Alpha Hyperloop is a technical team of undergraduates working on the research, development and design of Hyperloop System. The team aims to implement the first feasible Hyperloop route in India as a pilot project, and setting up a foundation for a Pan-India Network. The team comprises of several core members, further divided into 4 broad domains, according to their fields of expertise, namely:

- Structures Design and Analysis
- Propulsion and Braking
- Electronics and Embedded Systems
- Corporate Relations

Team Solareon

Faculty mentor: Mr. Joji Johnson, Dept. of Mechanical Engineering

The Team SOLAREON started as a vision of a group of students and faculty members to develop futuristic cars powered by green energy / solar power. The mission of the team is to develop an eco-friendly vehicle that could replace the existing fossil fuel based internal combustion engine vehicles. This is achieved by taking part in events with other competitors working on the same platform and honing our skills and developing new technologies and techniques to make our car better.

Team SOLAREON is a multi-disciplinary team consisting of students from different departments like Mechanical, Electrical, Electronics, Computer Science, etc specializing in their area of expertise and working together for the development of solar powered vehicles. The team aims to offer a unique learning experience to students to gain valuable hands-on engineering and business experience while raising community awareness of clean energy vehicles in parallel with their academic schedule. The students practically apply their academic knowledge and develop the necessary technical skills which make them industry ready. The team has taken part in various competitions and won the best performance award two times in the national level.

Team Elecruisers

Faculty Mentor: Dr. T. Rajasekaran, Dept. of Mechanical Engineering

The Elecruisers is the official E-BAJA multi disciplinary student team of SRM Institute of Science and Technology, Kattankulathur, Chennai. The team participates in E-BAJA SAE INDIA competition, which is an intercollegiate design, development and race competition usually organized in the northern part of India. The team makes electric all-terrain vehicle (ATV), promotes E-mobility and aims at innovating sustainable development. The team was established during the year 2016 and comprises students from departments like ECE, EEE, Mechanical, Mechatronics,

CSE, Automobile, etc. Generally team size is to be limited to 25 including girl members. Presently the team holds 4 girl members and 21 registered members. There are few student members contribute to the team without registration also, for the sake of hands on experience.

The objective of the team is to design, develop and implement the same and validate the outcome with the experts from SAE eBaja organization committee by the students. This takes place in different phases. In the first phase design changes are verified, second phase validates the cost and finally the endurance run is taking place physically. Recently, post covid, the team took part in the physical event organized at Chitkara University, Himachal Pradesh 3-8 April 2023, where it was able to clear Mechanical testing successfully.

Team SRM HPV

Faculty Mentor: Mr. S. Balamurugan, Dept. of Mechanical Engineering

The team SRM HPV - Human Powered Vehicle Challenge provides an opportunity for students to demonstrate the application of sound engineering design principles in the development of sustainable and practical transportation alternatives. Students work in teams to design and build efficient, highly engineered human powered vehicles for everyday usage and make transportation easier and cost efficient. Our team consists of students with different ideologies working together in seven different domains, namely, Chassis, Steering, Wheel Assembly, Brakes, Gears, Seat and Fairing. Team works together to present the most economical and sustainable design for human transportation.

The team SRM HPV has participated in the ASME E-FEST 2019 held at VIT-Vellore during the month of February 2019. The team has also participated in the following activities at E-FEST: Women's drag race, Men's drag race, Endurance race. The team SRM HPV secured 2nd Prize in the Women's drag race among 40 teams in the ASIA PACIFIC E-FEST.

Team IAM3D

Faculty Mentor: Mr. S. Balamurugan, Dept. of Mechanical Engineering

The team IAM3D - Innovative Additive Manufacturing 3D (IAM3D) Challenge is designed to give mechanical and multi-disciplinary undergraduate students an opportunity to use additive manufacturing technologies to re-engineer existing products or create new designs by demonstrating the value added through their application of sound engineering design principles. Our team consists of five different domains, namely, Designing, Analysis, Components, Calculations and Arduino Programming. Team focuses on constructing lightweight designs that can perform tasks perfectly. The team IAM3D has participated in the ASME E-FEST 2019 held at VIT-Vellore during the month of February 2019. The team has also participated in ASME's Innovative Additive Manufacturing 3D Challenge and acquired 2nd price in the Innovative Additive Manufacturing 3D Challenge among 18 groups in the ASIA PACIFIC E-FEST.

Team SDC

Faculty Mentor: Mr. S. Balamurugan, Dept. of Mechanical Engineering

The team SDC - Student Design Competition provides a platform for students to present their solutions to a range of design problems – from everyday household tasks to groundbreaking space exploration. Each team is required to design, construct, and operate a prototype meeting the requirements of an annually determined problem statement. Group of brilliant engineers coming together from multi-engineering backgrounds to find solutions to the annual problem statement.

Team SRMAUV (*SRM Autonomous Underwater Vehicle*)

Faculty Mentor: Dr. K. Annapurani, Professor and Head, Department of Networking and Communications

SRM Autonomous Underwater Vehicle is a technical team that consists of undergraduate students from SRMIST, prototyping an autonomous underwater vehicle. The team is collaboration among students of various departments of Engineering and Technology including School of Computing, Mechanical Engineering, Electrical and Electronics Engineering, Electronics and Communication Engineering, Mechatronics Engineering and Automobile Engineering. The team participates in competitions such as-

1. SAVe: Students Autonomous Underwater Vehicle organized by the National Institute of Ocean Technology (NIOT), India.
2. SAUVC: Singapore Autonomous Underwater Vehicle Challenge organised by IEEE OES, Singapore Chapter and Co-Organised by Singapore Polytechnic, Singapore
3. RoboSub: International RoboSub Competition organised by the Association for Unmanned Vehicle Systems International (AUVSI)Foundation held in San Diego, CA

Achievements

- National Champions: Secured first place at NIOT (National Institute for Ocean Technology) SAVe competition held in Chennai in 2015.
- Sponsored by the Indian Government to participate in AUVSI's international Robosub competition at San Diego, USA in 2015 to represent India.
- Sponsored by SRM to participate in SAUVC (Singapore Autonomous Underwater Vehicle Challenge) in 2015 and won a consolation prize.
- Received NVIDIA GPU-grant sponsorship for vehicle.
- Team invited to exhibit vehicle at ACMEE 2018, 13th International Machine Tool Exhibition held at Chennai Trade Centre, Tamil Nadu.
- Selected among 15 AUV teams out of 22 across India to participate in NIOT SAVe 2019 competition.

- Presented novel underwater 3D simulation framework at IEEE OES - Underwater Technology '19 conference in Kaohsiung, Taiwan.

IoTAlliance

***Faculty Mentor: Dr. Safa and Dr. Suresh Associate Professor,
Department of Networking and Communications, School of Computing***

Team Website: [**www.iotalliance.in**](http://www.iotalliance.in)

IoT Alliance is a not for profit club of SRMIST that revolves around the world of Internet of Things and allied technologies. This club is founded and headed by Dr. Safa & Dr. Suresh, Department of Networking and Communications, School of Computing since 2014. This club is unique as it is one of the very few clubs whose team composition includes students, faculty and alumni as its stakeholders. Our team indulges in various activities including research, product development for local or international requirements revolving around IoT, AI, ML and Data Analytics. As part of international engagements we have successfully completed many projects and one of the notable projects is the collaborative initiative with Sweden based start-up WeberMobility AB. Also the club has participated and won in many Hackathons including Syndicate Bank Hackathon. Moreover this club engages in knowledge dissemination to students through a series of workshops and national and international internships. This club has international collaborative projects with countries including Australia, Sweden, Rwanda etc., This club is selected under AICTE, Government of India scheme as to be Role Model club of SRM and has received a funding of INR 200000. If interested to be part of the club and to know more about the club visit : [**www.iotalliance.in**](http://www.iotalliance.in).

IoT Alliance Electrical Division

Faculty Mentors: Dr. A. Geetha, Dept of EEE, SRMIST

Electrical Division is an AICTE ‘SPICES’ funded student club of SRM Institute of Science and Technology that revolves around the world of Embedded Systems and Internet of Things. Our team encourages research and product development, while reaching out to students through workshops and internships with the aim of sharing knowledge. This club is redefining the faculty, alumni and junior connect to a new dimension. It is an initiative to help students to become better at developing the Internet of Things (IoT) focused more on real-world applications. The club provides the opportunity to do collaborate with the Department of Networking and Communications to support software development, and freelance projects for companies and collaborate together.

Game design and Development (GDC)

GDC is the first club of SRM centred solely on Game design and Development. We provide a platform to our members to explore their potential through workshops, game jams, hackathons, seminars, webinars and industry talks.

The Game Developer’s community participated in the one Game Jam, a Global game development competition wherein the participants had to make a high score themed game, whose gameplay time does not exceed One minute.

GDC conducted a series of workshops, both online and offline, to increase the proficiency of its members in the realm of Game design and development.

The Product Development Club

Faculty Mentor: Dr. M. Thenmozhi, Dr. L. Anand and Dr. V. Hemamalini, Department of Networking and Communications

The product development club is an effort designed to assist students improve their skills in developing real-world applications, with an emphasis on web and mobile app development. The work we plan on getting ranges from internal projects to freelance work. We want to obtain as many projects as possible so that students can learn about how the industry works.

Our goal is to create a community where people can work together, collaborate, and help one another. We want to give students a platform, as well as some assistance and direction, to help them become better software developers who can create secure, long-lasting, effective, and high-performing apps. In addition, the group brings together like-minded students to participate in Hackathons, Competitions, and Projects together.

If students have any ideas (startups or project ideas), we can provide them with the necessary resources and guidance to help them succeed. Being a member of the Product Development Club will provide students with skills that will last a lifetime and will prepare them for the fast-paced and dynamic technology environment.

GITHUB COMMUNITY SRM

Faculty Mentor: Dr. P. Supraja, Associate Professor NWC, SRMIST

GitHub Community SRM is the official student-led community spearheading the Open Source Revolution at SRMIST, Chennai. It is an affiliation of GitHub with the SRM-IST-KTR GitHub Organisation. We attempt to unify all the projects and papers developed under the SRM Institute of Science and Technology under a single banner, the official GitHub Organisation of SRMIST KTR. GitHub Community SRM has organized multiple events to spread awareness and knowledge about open-source software. Some of them include OSSmosis, Skilltober, WomenInTech, and Unhashed. Faculty and students of SRMIST can now avail of premium enterprise, and students are now eligible to participate in GitHub Externships. GitHub Community SRM will organize its flagship event, '#OSSome Hacks.' A hackathon aimed to innovate open-source. We are a team of highly dedicated undergraduate members contributing toward taking this community to a higher level, and we are always looking forward to recruiting highly motivated students.

Salesforce Student Group SRM

Faculty Mentor: Dr. P. Supraja, Associate Professor, NWC, SRMIST

Salesforce student group SRM is the official student-led community bringing industry-leading Salesforce skills at SRMIST, Chennai.

Salesforce is the world leader in CRM and the objective of this group is to teach current Salesforce technologies to current students to help secure placements and jobs in top companies.

It is an affiliation of the Salesforce Trailblazer community, Chennai with the SRMIST KTR Salesforce student group.

The student group plans to organise multiple events over the next 6 months, ranging from recruitments, tech workshops, and cloud computing workshops and also provide verified certificates to all participants. We have currently signed an MOU with IEEE which provides us with technical support and publicity for events.

The group had become inactive owing to the Covid-19 pandemic and due to dissolution of the previous team. The student group has recently been made active again with a new team being appointed. We have contacted the local salesforce trailblazer community in Chennai to reinstate sponsorship and swags for upcoming events.

Salesforce Student Group has organised multiple events in the past such as Trailhead, Techtrail and Furtherance & among many others.

We are a group of highly motivated individuals who aim to take the Salesforce Student Group to new heights and also aid the college in increasing placements in Salesforce-affiliated companies.

HackTheBox SRMIST

Faculty Mentor: Dr. P. Supraja, Associate Professor, NWC, SRMIST

HackTheBox SRMIST is a community supported by the official Hack The Box Meetups; it is a Chennai-based meetup organized by modern cybersecurity community professionals to educate and train the cyber soldiers of tomorrow to defend the international cyberspace. We are dedicated to preparing the future generation of cyber-warriors at SRMIST and beyond. HackTheBox SRMIST started

an initiative to create a Cyber Security based community to host workshops, events, and CTFs to educate the upcoming cyber professionals in and around the Chennai area, graciously sponsored by SRMIST.

STUDENT COPTER RESEARCH ORGANISATION (SRM-SCRO)

Faculty Mentor: Mr. Mahendra Perumal, Dept. of Aerospace

Student Copter Research Organization is a dynamic student-based research team with the facilitation of SRM Institute of Science and Technology, Chennai. It was established in August 2013 by two with copters at its primary focus, the team now is a highly multidisciplinary team and consists of students from various domain such as Design and Fabrication, Flight Systems, Computer Vision, Web Development & Corporate. With the zest to Inspire, Initiate and Innovate this team brings many laurels to the university by participating in multiple national and international events. Some prominent events and projects include Aero 360 a national level aero modelling competition, the Singapore Space Challenge '13, AAWMD – Autonomous Ambient Weather Monitoring Drone wherein the team has to create an innovative weather monitoring system, the International Micro Aerial vehicle 2014, SAREX18 (Search And Rescue EXercise-2018), AAKRUTI 2018, Op Rahat – Techfest at IIT Bombay and Tatamakerthon challenge at IIT Bombay. The team hosts the national level aero fest ‘Udaan’ with events such as Drone races, workshops for 3D printing and crashed aircraft safety drill. The team has won 1st place in Forensic Hackathon organised by Govt. of Uttarakhand, XDesign challenge conducted by Dassault Systems, Aerothon 2021 organized by SAE India. With the winning tag of Aakruthi 2018 Design challenge held at Dallas, Texas (USA) which was conducted by Solidworks, the team was selected for Smart India Hackathon for two consecutive years. With all the above achievements, SCRO is also proud of publishing multiple research papers in the field of aviation. Visit www.srmscro.com for required information.

Next-Gen AI

Faculty Mentor: Dr. S. Selvakumarasamy,

Department of Computational Intelligence

Hailed as the ultimate future technology, Artificial Intelligence is all set to take over the world and further enhance the essence of the human life. Comprehending this vision, the idea for CINTEL's Next - Gen AI was born. Providing an educational and fun milieu, we create a foreground for students to acquire practical knowledge in the prodigious field of Artificial Intelligence and equip them with suitable strengths to undertake utile and creative projects involving the various subsidiaries of the field. We provide collaborative projects, upskilling programs, summer school programs, research opportunities and help with internship opportunities. The opportunities and experience provided by CINTEL's Next - Gen AI are sure to enhance the student resume and help them in securing good placements.

DOMAINS

We house five technical domains that include:

- Machine Learning / Deep Learning
- Web / App Development
- Computer Vision
- Natural Language Processing
- Robotics

Each of these domains endeavor to further our vision by providing its members with the best informative resources and creating a fun and conducive learning environment. The learning experience is not only limited to the CINTEL (Computational Intelligence) department but also expands to include various other departments like Civil Engineering, Biotechnology and Electrical & Electronics Engineering who we proudly call our collaborative departments. We aim to help our members to understand real-world applications of AI and come up with pragmatic solutions to real-time problems.

Apart from our five technical domains we also have two non-technical domains – Management and Creatives, who, keeping in line with our vision, plan events and activities that further our vision to include all the students of the University.

The SRM Chemical Club (TSCC)

Faculty Mentor: Mr. K. Selvam and Dr. D. Nanditha, Dept of Chemical Engineering

The SRM Chemical Club (TSCC) has been formed to nurture young talents and motivate the students to be involved in research projects, prototype-building, and showcasing their various aptitudes and technical events. The club's tagline is "Thriving and Growing," aimed at progressive learning and achieving greater heights.

THE TEAM ROBOCON

Faculty Mentor: Dr. G. Joselin Retna Kumar, Associate Professor, Dept of EIE

The team was formed by a group of students who received funding from the DRDO in 2012. SRM Team Robocon is a multidisciplinary team involved in competitive robotics. The team comprises engineers from various branches including Mechanical, Mechatronics, EEE, ECE, CSE and Aerospace. The team members are specialized in various aspects of robotics engineering including Mechanical fabrication, designing and analysis, electronics and circuit designing, algorithm development and coding. The team participates in competitions such as ABV

Robocon which involves making a robot from scratch which fulfils the problem statement given by the host country every year. As the problem statement is new every year, the contestants are kept on toes.

BioNexus – A Multidisciplinary students club under the Department of Biotechnology, SRMIST KTR.

Faculty coordinators: Dr. S. Rupa Chandra and Dr. B. Samuel Jacob

BioNexus is a Biotech Student Club with the backup of Anveshna (A Biotech Students Association) of Department of Biotechnology, School of Bioengineering, SRMIST. This club is imbued by having multilateral opportunities to explore themselves towards entrepreneurship (Team Alpha), skill development (Team Beta), social outreach (Team Gamma), networking (Team Delta), and mental wellness (Team Psy). It might help students to get most out of their campus life

experience while they are at the SRMIST for their academic pursuits. These teams in BioNexus offer limitless opportunities for student leadership and participation beyond academic setup. They could provide a great platform to usher-in the distinctive perspectives and life experiences that all students bring to the college. BioNexus is expected to help in students' transformation and holistic development in a big way by discovering their own niche amongst the extra- and co-curricular activities.

Student Clubs: Quanta Association

Quanta Association initiated aiming to transform into contributing members of professional community in Nanoscience and Nanotechnology. And also, with the focus to flourish themselves with effective communication with personal interaction, practicing leadership experience, establishing network of contacts and presenting their scholarly works in professional meetings, journals, research experiences, outreach services to the in - and off campuses.

Google DSC club

Google Developer Student Clubs (GDSC) is a global community of university students who are passionate about Google technologies. GDSC clubs are student-led and provide opportunities for students to learn about Google technologies, network with other students and professionals, and give back to their communities. GDSC clubs offer a variety of activities and events, including tech talks, workshops, hackathons, and community service projects. These activities provide students with the opportunity to learn new skills, build their networks, and make a difference in their communities. GDSC is a great way for students to learn about Google technologies, network with other students and professionals, and give back to their communities.

Data Science Community SRM

“A technology-driven Data Science-based student-led innovation community at SRMIST”. The community aims at foster development and entrepreneurial skills among students and work as a community that inspires thousands. Data Science Community does real-time projects, research activities, meetup organizing, hosting events, and workshops primarily focusing on Data Science, Machine Learning, AI, Blockchain, IoT , Web Development and more. They guide and teach all those who aspire to work in these fields and help them attain better skills and knowledge. All those who love brainfood, listen up, we serve a lot of that here at our Data Science Community. From playing around with data to creating automatic players for your games. From connecting homes to connecting to the world. We got it all covered. Our members work across multiple disciplines to deliver their solutions for the world!

Lift off

Liftoff is a Cohort-Based-Club that helps students build, ship and capitalise on side projects. We teach students different skills from Web-dev, Product, Growth, Design, Ideation and help them get practical experience by using those skills in their projects. The core goal is the growth of the students. Not aiming to get the best opportunities but support them in creating opportunities for themselves. Club is committed to foster a similar culture throughout SRM’s campus and help everyone achieve their full potential. Most probably 5 domains such as Growth, Tech, Community, Design, Content are concentrated. The community hire students every semester and teach them to work in these domains. Once they get a gist they host a 4 week program which is a sprint where they give lectures and help students simultaneously build their projects. At the end of the 4 weeks, they launch their projects and try to get opportunities through their proof of work. After the program ends, they try to be regular with building projects and help each other out make our projects better. Students can form teams and even help others from different cohorts. The overall objective of the club is to help others capitalise on their experiences so that they are able to grow both professionally and personally.

IE(I) Students' Chapter, Aerospace Division, Department of Aerospace Engineering

Faculty Advisor: Dr Selvakumaran T, Department of Aerospace Engineering

IE(I) Students' Chapter under Aerospace Division is established on 25th August 2022 under the guidance and motivation of our Head of Department Dr L.R. Ganapathy Subramanian. The students' chapter comprises 50 students from second, third and final year students of Aerospace Engineering with a Faculty Advisor of Dr Selvakumaran T, Associate Professor. The main objective of students' chapter is to conduct workshops, webinars, seminars and technical competition in various thrust areas of Aerospace Engineering.

Aeronautical Sector Skill Council (ASSC) Students' Chapter, Department of Aerospace Engineering

Convener: Dr Selvakumaran T, Department of Aerospace Engineering

ASSC Students' Chapter is established from December 2022 under the direction and inspiration of our Head of Department Dr L.R. Ganapathy Subramanian. This life-time students' chapter comprises 43 student members from Aerospace Engineering with a Convener of Dr Selvakumaran T, Associate Professor. The main objective of students' chapter is to conduct various technical activities in the field of Aeronautical and Aerospace Engineering. This chapter also shows a pathway for students to interact with a domain expertise from the respective industries.

Game Developers Community SRM

We the Game Developers Community SRM, aim To empower the existing and to nurture the budding game designers and developers in our University.

We, as a collective plan to dive headfirst into the ever-expanding world of game development and create experiences worth experiencing. The Director of the club is Prof. A. Murugan, Professor, Data science and Business Systems Department and the Associate Directors are Ms. S. Sindhu and Prof. P Saravanan and student president is Antony Sam Jaiton. The Data Science Club (DSC)

Faculty coordinator: Dr. T Karthick, DSBS

I have definitely had experiences living up to the DSC slogan, "Together, ordinary people can do extraordinary things"! The DSC provided exposure to and connections with individuals who were motivated to work towards improving our society. The DSC is a location where you may experiment with and put ideas into practice in the area of your choosing. Our domain is in charge of imparting knowledge and developing experiences that go beyond the physical realm and allow us to access the internet of the future. We aim to be the main hub for the general growth and development of the student community with interests in big data, machine learning, and data analytics. The Three Major Verticals of DSC are Technical, Cultural, and Corporate.

Objective:

- To foster an atmosphere where students with an interest in data science may learn more about it and pique the curiosity of a stranger.
- To provide students with a foundation in data science and its practical applications.
- To assist students in staying current with emerging technology in their area.
- To steer students in the appropriate path when they have project ideas.

Gen-Y

Faculty coordinator: Dr. T Karthick, Associate Professor, DSBS

Team Gen-Y is a project-oriented, technology-based IT solution student team that aims to integrate and advance the best minds at SRMIST. As a team with mentorship and tips from leaders in the industry, We strive to transform ideas and competitions into aced prospects. Our intention is further enhanced through the continual organisation of workshops, seminars, and hackathons. Team Gen Y works to build an excellent community, motivate like-minded people and integrate them to work towards a better society. We strive to make people the best version of themselves with training and teaching inclined towards a more rational and

practical approach to problems. Successful projects we have created and hackathons we have won attest to it. Rather than naming Gen-Y a tech club, we love to describe it as a community of more than 100 tech-loving students

Our Mission

We, Gen-Y aim to inspire the illuminating minds in the field of Technology with a vision to foster global change. We bring developers, designers, and young leaders together under one roof, forming a student-led community to inspire millions! In addition, we strive to establish new standards of excellence in our respective spheres by teaching and growing as a whole

Block Chain Club

Faculty coordinator: Dr. Prakash, Associate Professor, DSBS

Blockchain Club SRM, the pioneering student-led community at SRM University that is dedicated to exploring the world of blockchain technology, Web3, and decentralization. With a growing membership of over 125 students, this club is fostering young and inquisitive minds, equipping them with the necessary knowledge and skills to make a significant impact in this transformative field.

Blockchain Club SRM has a clear vision of empowering blockchain professionals and enthusiasts, ensuring they stay informed about the latest advancements in the industry. Through a wide range of activities and projects, students have numerous opportunities to apply their knowledge and gain practical experience in the field.

The club has established partnerships with several leading companies in the blockchain space, including Lumos Labs, Router, 5ire Chain, Polygon, Roni Analytics, Bconomy, and more. These collaborations enable members to benefit from real-world insights and networking opportunities with industry experts.

As an active presence in Chennai's blockchain community, Blockchain Club SRM organizes regular activities and events to facilitate knowledge sharing, skill development, and collaboration among its members. Notably, the club recently hosted the largest blockchain hackathon in Tamil Nadu, featuring an impressive prize pool of \$69,420 in SRM. This event showcased the exceptional talent and innovative ideas of club members, thereby driving blockchain innovation in the

region. Moreover, Blockchain Club SRM proudly oversees the Polygon Guild Chennai, solidifying its commitment to the growth and development of the blockchain ecosystem. The club's partnerships grant members access to a diverse range of resources and valuable industry connections.

If individuals are interested in becoming part of this dynamic community and exploring the limitless potential of blockchain technology, joining Blockchain Club SRM is highly encouraged. Together, the club and its members can shape the future, one block at a time.

TEDxSRMIST

Faculty Coordinator: D. B. Hariharan, Associate Professor, Department of Computational Intelligence

TEDxSRMIST would be a student-run club with the primary goal of conducting interactive informational talks on campus. The organization would work under the prestigious name of TED conferences, following all the guidelines and standards of a conventional TED conference. Upon establishment, the club would conduct talks involving experienced speakers in a diverse range of fields. It would not only be a great platform for students to gain invaluable exposure through interactive sessions, but also an opportunity for aspiring speakers to convey their ideas.

Nextgen AI

Faculty Coordinator: Dr. Selvakumarasamy, Associate Professor, Department of Computational Intelligence

For the things we have to learn before we do them, we learn by doing them. CINTEL department proudly presents CINTEL'S NEXT-GEN AI. Our club is the passport for your future, because tomorrow belongs to those who prepare for it today. Though this is not just simply a club, it is an endeavor to make your learning experience seem like a journey, a journey with blue skies and a journey that would stick to your memories forever. A journey starts where the learning is now and ends where the learner is more successful. The end of the journey isn't knowing more, it's doing more. The activities that our club, "CINTEL's NEXT-GEN AI" offers are vibrantly diverse to say the least.

Faculty Coordinator: Ms. Sasi Rekha Sankar, Assistant Professor, Department of Computational Intelligence

Clubs and events are the highlights of one's college life. Learning is always at its finest when among friends and joining a club is just the perfect place to start. So, get out there to find the people you can say are yours, to build powerful resumes, and take the talent you possess to the stage.

Clubs and events are the highlights of one's college life. Learning is always at its finest when among friends and joining a club is just the perfect place to start. So, get out there to find the people you can say are yours, to build powerful resumes, and take the talent you possess to stage.

The key Mission, Vision and Initiative of the CINTEL Student Association is listed below :-

Mission: Our mission is to develop a community of like-minded individuals driven by their passion towards technical development. Initiative: A collective bunch of technical enthusiasts from the Department of Computational Intelligence who have come together to form a student run association catering to technical development in order to nourish the community.

Vision: Our vision is to create a community where everyone can hone their skills whilst contributing to the overall development of the college community.

SRMKZILLA

Faculty Coordinator: Dr. S. Karthick, Associate Professor, Department of Computational Intelligence

Hello world! Nerdy techies with code editors, developers fixing bugs, and everything "geeky" might be the typical image for a college technical club. Well, SRMKZILLA is a lot more than just a technical club. We are a hub of unique ideas, incredible tech products, resourceful events, quality mentorship, and endless creativity.

SRMKZILLA is a part of the Mozilla Clubs, inspired by the Mozilla Learning Network. Being a professional technical club of SRMIST, we help students master various skills through our open-source projects, web and app development, technical fests, and workshops. We as a club want to push technology to its limits which is why all our products are open source. It's free and accessible for everyone.

CENTRE OF EXCELLENCE AND SKILL DEVELOPMENT

ACCMS-Global Research Centre (GRC)

The Asian Consortium on Computational Materials Science (ACCMS) was set up in order to nurture and promote research and development activities in computational materials in Asian countries.

Global Research Center is set up in SRMIST to attract a large number of young and high level researchers from all over the world. The establishment of this real center promotes multidisciplinary research thereby opening new collaborations not only academic but also industrial. The center serves as a hub to promote computational research in various fields like Multi scale modeling and simulations, Materials for energy storage and conversion, Nano devices for information storage, Nanostructure materials, multiferroics materials, 2 D materials, vdW materials, Biomaterials, Biosystems, Bioinformatics, Bioengineering and Nanomedicine, Physical organic materials, Catalytic materials, Advanced composite and functional graded materials and structures, Oxide based materials, Materials Informatics and Genome, Computational mechanics of advanced materials and structures, Static and dynamic stability of composite plates and shells, and more.

AUTOMOTIVE SKILLS DEVELOPMENT COUNCIL (ASDC)

SRMIST is the authorized training partner of Automotive Skills Development Council (ASDC). The ASDC is the first development skill council of India, promoted by the Automobile industry through various bodies. The aim of SRM - ASDC is to make skills as enabler of our sector's growth. This center aims to provide the skills and knowledge for school/college dropouts to ensure jobs in formal sector and improve the social development of the society.

SRM – ASDC Centre provides hands on training skills in following Qualification Pack (QP) as per NSDC standard.

- Automotive Service Technician
- Automotive Electrician
- Automotive Brake Specialist
- Automotive AC Specialist

The objective of this course is to make industry-ready engineers. This course consists of the following components.

- Diagnosis and routine repair requirements of the vehicle
- Major repairs and Overhauling of the vehicle
- Diagnosis and repair of Electrical and electronic faults in a vehicle.

This QP's are delivered as 80 % practical 20 % theory and at the end of the course, assessment is carried out by ASDC. Successful candidates details and their domain specialization are available at Skill development management system (SDMS) portal

CENTRE FOR ELECTRONICS SKILL DEVELOPMENT AND CONSULTANCY SERVICES (CESD)

VISION

Our vision is to create a holistic environment for Electronics system design, fabrication and test facility for the budding researchers, engineers and professionals for up-skilling and also to execute their concepts to product development training and consultancy services in the niche areas of core and multidisciplinary domains.

MISSION

- CESD will foster to provide experiential learning experience and mentorship to the budding engineers
- CESD is to provide an environment for up-skilling through ab-initio training to meet the requirements of the contemporary core industry.
- CESD is to create state of art infrastructure to attract the stakeholders, and also to grow as a Centre of excellence in the area of up-skilling.
- CESD and Consultancy services are to provide solutions for the contemporary issues in the multidisciplinary areas and also to attract national and international recognition through the services.

About CESD and CS Facilities

This center is developed to provide holistic experience to the stakeholders (Students / Research Scholars / Faculty / Innovators / Entrepreneur / startup) on

electronics and RF circuit design, manufacturing, testing and characterization. Center comprises of specialized laboratory facilitates the design / fabrication / testing / RF Characterization facility to cater the need of stakeholder project / product development, research works and industrial requirement. This infrastructure is also used to conduct skill development training programs for students, teaching and industry professional in the respective areas in the Electronics design / fabrication / antenna characterization, which helps the stakeholder an industry ready engineer.

In this center we have high speed computing facility with standard EDA tools like Altium, Orcad, TINA, etc, with academic and commercial license. We also have PCB Fabrication facility for making fast prototype to large volume production with skilled manpower. Electronics manufacturing system (EMS) facility is developed with state of art equipment to handle through hole and SMT devices for mass production.

The RF Design and characterization lab is equipped with HFSS software for RF Components and circuit design and also have Anechoic chamber having a test capability up to 40GHz supported with a Keysight-Vector Network Analyzer (VNA) of 14 GHz for characterization.

We have a team of Consultants available in various domains, will provide consultancy services in the following areas like Antenna design, fabrication and characterization, Embedded system design, Artificial Intelligence / Machine learning / Deep learning, Image and video processing (All categories), Signal processing (Analog and Digital), RF circuit design, analysis and characterization, VLSI Design (Complete design flow) Communication system (5G and beyond), Millimeter wave communication, Optical communication, computing and network, Nanoscale device modeling, Robotics and automation, Block chain, Drone communication and control technologies, AR/VR and other multidisciplinary domain, Hardware and software security, etc.

CESD Facility is open for all users of SRMIST and external users.

The Centre for Electronics Skill Development and Consultancy Services is located in Basic Engineering Laboratory Building, 2nd Floor, and Room no. BEL304, BEL305, BEL306, BEL307 & BEL308

Center of Excellence for Electronic Cooling and CFD SIM LAB

VISION

To become a global leader in the field of electronic cooling and Computational Fluid Dynamics (CFD) simulation, driving innovation and sustainability in thermal management solutions.

MISSION

Our mission is to advance the science and application of electronic cooling and CFD simulations to optimize the thermal performance of electronic systems, reduce energy consumption, and enhance the reliability of electronic devices.

ACTIVITIES

1. Research and Development:

- Conduct cutting-edge research in electronic cooling technologies and CFD simulation methodologies.
- Innovate and develop new thermal management solutions for electronic devices and systems.
- Collaborate with industry partners and academia to push the boundaries of knowledge in the field.

2. Education and Training:

- Provide training and workshops to engineers, researchers, and students in the principles of electronic cooling and CFD simulations.
- Foster a community of learning and knowledge-sharing in the field through seminars, webinars, and conferences.

3. Consulting and Services:

- Offer consulting services to industries seeking thermal management solutions for their electronic products.
- Perform CFD simulations and thermal analyses to optimize existing designs and troubleshoot thermal issues.

4. *Sustainability Initiatives:*

- Promote environmentally friendly electronic cooling solutions that reduce energy consumption and carbon footprint.
- Develop and advocate for sustainable practices in electronic system design and operation.

5. *Collaboration and Partnerships:*

- Collaborate with leading companies, research institutions, and government agencies to drive innovation and address industry challenges.
- Forge partnerships for joint research projects, product development, and knowledge exchange.

6. *Knowledge Dissemination:*

- Publish research findings and case studies in reputable journals and conferences.
- Maintain an online knowledge hub with resources, articles, and best practices in electronic cooling and CFD simulations.

7. *Testing and Validation:*

- Operate state-of-the-art laboratories for testing and validating thermal management solutions.
- Offer testing services to validate the performance of electronic cooling products and prototypes.

8. *Continuous Improvement:*

- Regularly update and improve our methodologies and tools to stay at the forefront of the field.
- Seek feedback from industry partners and clients to enhance our services and offerings.

By pursuing these activities, the Center of Excellence for Electronic Cooling and CFD Sim Lab aims to contribute to the advancement of electronic cooling technologies and CFD simulations, ultimately benefiting industries, the environment, and society as a whole.

SRM – BRIN CENTRE “CENTRE OF EXCELLENCE IN AUTOMATION TECHNOLOGIES”

Centre Head: Dr. D. Kingsly Jeba Singh, Professor and Chairperson, School of Mechanical Engineering

Faculty Trainers:

Dr. R. Murugesan, Dr. S. Oliver Nesa Raj, Mr. S. Muralidharan, Mr. V. Veeranath Mechanical Department

Dr. Baskara Sethupathi, Automobile Department

Dr. G. Joselin Retna Kumar

Dr. J. Sam Jebakumar, Electronics and Instrumentation **Dr. K. Sivanathan**,

Dr. Ranjith Pillai R, Mechatronics Department

SRM Institute of Science and Technology, College of Engineering and Technology has established the "**SRM–Bosch Rexroth India (SRM-BRIN)** Center of Excellence in Automation Technologies - A joint training centre" in Collaboration with Bosch Rexroth, Germany who are market leaders in drives and control equipments. The primary objective of this centre is to produce trained manpower for automation in industries. This is a state-of-the-art training facility in pneumatics, hydraulics and PLC technology at SRMIST, Kattankulathur, Chennai.

The SRM-BRIN centre will act as an independent centre to cater the needs of the technical institutes like polytechniques, Engineering institutes and Industries in this region specifically in Chennai. The objective of the centre is to bridge the gap between the Industries and the Institutes and to provide industry ready manpower in manufacturing plants of Automotive Applications, Industrial Automation, Machinery Applications and Engineering.

The centre will function on the concept of Industrial environment in the Institute by providing hands on training to the trainers in different fields of automation. The modules like basic hydraulic technology, industrial hydraulics, proportional technology, basic pneumatics, industrial pneumatics, closed loop pneumatics and PLC based controls. On successful completion of above said modules, the trainees will be given with a "Joint Completion Certificate" by SRM- BRIN centre. This training centre can design and offer tailor made courses for employees of industries. Also the Centre will provide solutions to the industrial problems through the consultancy works and projects on need basis to enhance Industry- Institute- Interaction.

Centre for iOS App Development

SRM Institute of Science and Technology, Kattankulathur Campus, is proud to offer a first-of-its-kind industry-academia collaboration program at our Centre for iOS App Development. This centre offers students a valuable first-hand learning experience with the latest platforms such as iOS, iPadOS, macOS, tvOS, and watchOS. The students of this program are mentored by Apple certified trainers and industry professionals to equip them with the skills and knowledge to transform the student community into world class impactful iOS app developers.

This program complements the curriculum of the university and adopts best industry practices preparing students for careers in the iOS app economy. The program is of two semesters duration and the students are awarded academic credits for completing this as professional electives.

SRM Institute of Science and Technology has established a world class learning centre with state of the art infrastructure in an area of about 7500 sft with an investment of about 250 Lakhs. This centre has been designed to foster creativity and innovation by providing a collaborative learning environment with a refined pedagogical practice for a project based learning approach. The first cohort of students have completed an industry-led internship and is now progressing towards the final app showcase scheduled for mid-June 2023. We are currently inviting applications for the second cohort of 100 students.

SCHOLARSHIPS AND AWARDS

SRM Institute of Science and Technology (formerly known as SRM University) offers several Scholarships, fee waiver schemes, concessions to meritorious and deserving students. Large number of students tremendously benefit from such schemes. The scholarship program is a transparent merit based process. In subsequent years, the scholarship is subject to consistent high performance as per the norms set by the university from time to time. The quantum of scholarship and the number of scholarships are subject to change from time to time. Processing will be done by a Scholarship committee consisting of SRMIST officials and academicians.

The scholarship and concession schemes of SRMIST to recognize excellence in academic, sports and deserving candidates are listed below

Selection Procedure:

Online applications for the award of scholarship will be kept open in July every year. Processing will be done by the scholarship committee and selection of awardees will be done by a committee consisting of senior faculty members, Director(s) of SRMIST. The decision of the scholarship committee would be communicated to the selected candidates.

Note:

- (i) A candidate is eligible for scholarship under any ONE category only.
- (ii) Scholarships are not applicable for any NEET based program, Pharm. D & Pharm. D (PB) and any other programmes which the management may decide from time to time.

Sports Scholarship

International and National level sports persons are exempted from Tuition fee, Hostel accommodation and Mess fee.

Sports Scholarship is also given to those categories of students who excel in sports.

Category I	100% Fees Concession –Tuition, Book, Exam Fees and Hostel or Transport fees
Category II	50% Fees Concession – Tution Fees and Hostel Fees

Sports Performance during the Programme

Non-Sports quota Students are also awarded tuition fee waiver based on their performance in sports.

Scholarship Awarded to Students Admitted Under Sports Quota in the University

Total scholarship amount given by the University per year for all sports quota students in an academic year is approximately, Rs. 6+ Crores.

RULES AND REGULATIONS

The students must be aware of the Vision and Mission of the University. They should be familiar with their Departmental goals. Students should take all efforts to enable their Department to achieve these goals.

The students shall be thoroughly familiar with the regulations which are available at the University website www.srmist.edu.in. The curriculum and syllabus of various programs are also accessible at the website.

Some important aspects of the rules and regulations based on the present University regulations are reproduced here for strict compliance. These are subject to changes effected by the Institution from time to time.

1. Punctuality and Attendance Rules

- Attendance is the physical presence of the student in the class/laboratory/field work. It is a well-observed fact that the students who score good grades are those who attend the class/laboratory/field work, regularly. Therefore, the students must strive to attend all the classes without fail. Therefore, the students must strive to attend and sincerely participate in all the assigned learning activities without fail. Every faculty member handling a course will take attendance till the last working day in the semester.
- A student must maintain an attendance record of at least 75% in individual courses, **exclusive** of the leave of absence **due to medical reasons**, on-duty, extracurricular/extramural activities, permitted assignments such as job interviews, unforeseen emergencies etc. Without the minimum attendance of 75%, in any course, students become ineligible to appear for the end semester examination in that course. His/Her registration for that course will be treated as cancelled and the student should register and repeat the entire course when it is offered next.

- A student must strive to attend all the classes without fail. However, the minimum attendance requirement of 75% allows a student the facility to use the balance 25% to account for illnesses, permitted assignments such as job interviews, inter-university sports meets, inter-collegiate/inter-university competitions, accidents, unforeseen emergencies etc. An attendance of 75% in a course is considered to be the minimum required for a student to get just enough input on the course syllabus through class room contact hours to make him/her eligible to appear in the end semester examination for that course. It is the responsibility of each and every student to keep track/monitor his/her percentage of attendance daily for each course and ensure that he/she satisfies the attendance norms prescribed by the University. If the student finds any discrepancy/error in the attendance status, he/she should immediately on the same day bring it to the attention of the concerned faculty member and seek redressal.
- ***Condonation of Attendance*** In rare and genuine cases, a committee consisting of the Director and Head of the concerned department will examine the case, based on the documents submitted by the student, facts and circumstances. The documents may include medical certificate, permission sought by the parents and students just before or just after the commencement of medical treatment, fitness certificate, evidence of being treated as in-patient and/or recommendation for convalescence etc. as applicable to particular situations. The assessment will be done by the committee on the merit of the case, and their recommendation will be communicated to the Vice Chancellor. The Vice Chancellor, based on the recommendation of the committee may then give condonation for the inadequate attendance. But in any case, the condonation cannot exceed 10%. ***It is to be noted that condonation of attendance shortage is not a right to be claimed by the student but to be considered only in the rarest of rare cases.*** Once the medical leave is rejected by the committee, the period for which condonation is claimed will be treated only as 'absent'. Only those cycle tests, quizzes, surprise tests or any other forms of internal

assessment conducted during the approved condonation period will be re-administered. **No condonation will be considered for end semester examinations.**

- It is compulsory that a leave letter in an approved format should be submitted for Medical reasons. Medical leave letters should be signed/counter signed by parents/guardians/Hostel Warden. Medical leave letters should be accompanied by medical certificates for availing leave. Prior permission must be obtained for availing leave in other than emergency cases. A fitness and medical certificate should be submitted while rejoining the classes. Students are prohibited from producing false / fabricated certificates the act of which will result in grave disciplinary action against them.
- It is important that all students are present on the enrollment day as well as on the last working day. Absence will be permitted only for unavoidable reasons with prior permission. Suitable fine will be levied for absence on the course enrollment day and the last working day of the semester.
- Students should be punctual to the class and should equip themselves with calculators, approved drawing materials, instrument boxes, record note books and standard notebooks as and when necessary. Since the faculty will be taking the attendance at the commencement of the class, even one or two minutes of late entry will lead to the student being marked absent for the class which may ultimately lead to his/her attendance falling below 75% at the end of the semester.

2. Ragging

Ragging in any form is strictly forbidden, and severe action will be taken against those who indulge in such activities as per the Tamil Nadu Prohibition of Ragging Act No.7 of 1997. Please refer to the following URL to know about what constitutes ragging and actions that must be taken against those who indulge in ragging:

<https://www.srmist.edu.in/life-at-srm/anti-discrimination-anti-ragging/anti-ragging/>

3. Discipline

- Every student is required to maintain discipline and decorum both inside and outside the University campus and should not indulge in any activity that will tarnish the reputation of the University.
- Any act of indiscipline by a student first will be scrutinized/considered by the Discipline and Welfare Committee of the Department/School for necessary action. If the issue demands more serious consideration, the act of indiscipline will be reported to the Dean (Engg. & Tech.), and he will refer it to the Discipline and Welfare Committee of the University, constituted by the Vice Chancellor.
- The Committee will enquire into the charges and recommend suitable action if the charges are substantiated. The Dean (Engg. & Tech.) will take appropriate action based on the recommendation of the Discipline and Welfare Committee.
- Dean (Engg. & Tech.) may suspend a student pending inquiry depending upon the *prima facie* evidence.
- Appeal: The student may appeal to the Vice Chancellor whose decision will be final and binding.

4. Standards on attire and Accessories

Students are required to wear their identity cards **ONLY** on the neck with SRM tag **ONLY** in a easily noticeable way when they are at all times within the college premises and also when they travel using the College of Engineering and Technology transport. Not wearing the identity card will be considered as an act of indiscipline.

Laboratory Dress code

No loose garments are permitted in the workshop / laboratories. Both boys and girls students have to wear leather shoes in the workshops. In the workshops, the uniform for a girl student is grey overcoat and for a boy student it is grey trousers and grey shirts. In Physics and Chemistry laboratories all the students have to wear white overcoats.

On play fields, the standard attire is shorts and vests or jerseys. Footwear used on the field should be securely strapped at the heel.

In case of violation of the dress code, the student concerned will be asked to leave the academic session.

Visiting students are also expected to observe the Standards on Attire and accessories. All students will wear presentable dress which is neat, clean and ironed.

Students are strictly instructed to adhere to the following Standards on Attire and accessories while attending the college for Lectures / Practicals / Library / Laboratories and formal functions of the Departments / Institution.

Additional clothes / accessories for Laboratories

- Grey / white over coat for girls as per the laboratory need
- Grey trousers and grey / white shirts as per the laboratory need
- Leather / synthetic shoes

5. Use of Cell Phones

SRM Management understands the necessity of cell phones in a student's life. But the management is totally against its over-use or misuse.

- Use of cell phones inside the classroom in an unauthorised manner when the class is on, is strictly prohibited. However, with the specific permission of the concerned faculty a student may use it to take photo of notes etc.
- The Cell phone of the student who uses it in the class without the permission of the faculty will be confiscated and action will be taken.
- The student found with a cell phone during cycle test / model examination / practical exams / University examinations will be severely punished which will involve cancellation of tests/examinations or debar from writing further tests/examinations.

6. Overall Progress

- Students should maintain good academic progress on a continuous basis.
- Students should maintain satisfactory progress on all fronts.
- Corrective actions proposed by the Department to maintain academic excellence should be strictly adhered to by the students.
- Unsatisfactory performance will also render the students ineligible to appear for University Examinations.

7. Hostellers

- Students admitted to the University hostel shall abide by the existent rules and regulations at the time of admission and as amended from time to time.

- A student dismissed from the Institute shall automatically cease to be a member of the Hostel.

Apart from the rules and regulations prescribed above, following exhortations are made to the students aimed at their well-being:

- ❖ Chennai and nearby areas have long beaches. Students are firmly advised not to take bath in the seawaters as the unpredictability of killer currents and monster waves may lead to untoward accidents.
- ❖ The students are advised to be extremely cautious while crossing the busy National Highway adjacent to the campus. Students are cautioned not to walk across or along the railway tracks in front of the campus or anywhere else. Carelessness on the part of students has led to many unfortunate fatal accidents.
- ❖ Students are strictly forbidden to smoke/consume alcoholic drinks/take drugs inside the campus or for that matter anywhere else. Such habits irreparably wreck the career of the students.
